

Beginning a new era in turf mowing, the Roseman 7 unit Hydra-Gang Mower utilizes the tractor power take-off system to power the cutting reels and the tractor hydraulic system to provide hydraulic lift for each mower unit. Hills and banks can be mowed easily regardless of soft or wet turf conditions. Individual mower units follow ground contour with unlimited flexibility without scalping. The Hydra-Gang mounts on Ford 2000 and 3000 All Purpose model tractors.

WHAT OUR WORLD COULD BE

If we noticed little pleasures,
As we notice little pains,
If we quite forgot our losses
And remember all our gains
If we looked for people's virtues
And their faults refused to see,
What a happy, cheerful place
This world would be!

Check your First Aid facilities. It amounts to a black mark on an OSHA checklist if you haven't. The Occupational Safety and Health Administration says that if your place of business is not "in near proximity" to a hospital, clinic or infirmary, you are required to have a First-Aid kit approved by a consulting physician and an employee who is trained to render first aid. A member of your work force who has received special first aid instruction will qualify for the latter requirement.
