The editor recently called on Ted Sokolis, Superintendent at the Village Links Golf Club in Glen Ellyn, Illinois. The Village has added another nine holes to their present eighteen. This new nine holes has just been completed. The fairways are seeded to Ky. Bluegrass. Greens are C15 strain and most of the tees are Penncross, with exceptions of a few tees that have been planted using other strains for comparison. The observation of these tees in the future years should be very interesting. Almost every hole has three large tees built at various angles giving the golfer a different line of play. The course can be set up to play 3,000 to 3,500 yards. The contouring of the greens is excellent. The maintenance cost surely was in the mind of the architect. All greens are well trapped. Several small lakes were built and an automatic irrigation system was installed on all greens, tees and fairways. It should be a course that's very interesting to play and Ted has done an excellent job in performing his responsibility. His work did not end here. At this writing he has three baseball fields under construction. It is reported that the old eighteen hole course has played 50,000 rounds of golf this 1974 season. Some contrast over most private golf courses.

Approximately 200 Canadian geese make their home on the golf course. In the vicinity of their part of the grounds it is suggested that you wear your shoes.

YOU KNOW WHAT? . . . YOU AND ME DO ALL THE WORK!

The population of the United States has now reached 200,000,000 mark. A practical mathematician calculates it this way:

Half of the total is under 21 — leaving 100,000,000 to do the work; There are 70 million over 65 — leaving 30,000,000 to work; Government employees, 24,000,001 — that leaves 5,099,999 people to work. The military has 5,600,000 in service — leaving 399,999 to work; Another 203,000 are in hospitals and sick — leaving 196,999 to work; Jails are housing 101,000 leaving 95,999 to do the work; People lost or missing total 54,000 — leaving 41,999 of which 41,997 are bums, protesters or agitators.

This leaves 2 — YOU AND ME DO ALL THE WORK? (Editor's note — You get busy, I'm going to Florida.)

VELSICOL

FOR WEED CONTROL:

BANVEL® 4-S

Effective in both warm and cool weather. Attacks weeds through leaves and roots. Ideal for control of chickweed, clover, and many other weeds.

BANVEL® + 2, 4-D

A combination product that enables you to control more hard-to-kill weeds more effectively. Kills dandelions, wild garlic and others.

2,4-D AMINE

The all purpose economical herbicide.

FOR INSECT CONTROL:

CHLORDANE 10G, 25G, 40WP, 72EC, 5D, 10D

America's finest turf insecticide. Controls grubs, wireworms, ants, etc.

HEPTACHLOR 2.5D, 5D, 10D

For convenience and economy.

FOR SPRAY CONTROL:

ACCUTROL AIR EMULSION SPRAY SYSTEM

A totally new system — spray adjuvant and special spray nozzles. Air emulsion allows your water to go farther. Spray adjuvant provides greater plant absorption, better spray visibility, and lessens spray run-off.
