**Safety Rules for Power Tools**

Ground all tools (unless double insulated).  
Don't remove or lock out safety guards.  
Be alert to area hazards such as gasoline.  
Make sure switch is off before plugging in cord — or  
when power is interrupted.  
Keep blades, bits and cutters sharp.  
Don't ever force the tool.  
Don't change bits or blades with tool connected.  
Secure work with clamps or vise.  
Don't attempt field repairs on tools.
