Don Hoffman, Superintendent at Oak Hills G.C., is interested in hiring an assistant. For information call 312-448-5544.

At the present time Don is constructing a six-ft. fence around the course to help cut down on vandalism.

### A Couple of Spring Thoughts

Check drainage and seepage areas and mark them for correction now.

Don't begin to irrigate early in the season ... give the grass roots a chance to dig for water ... once you start irrigating you usually must continue ... grasses may turn off color but they don't die in Spring for the lack of water.

Mr. Ray Gerber  
865 Hillside Avenue  
Glen Ellyn, Illinois 60137  
Dear Ray:

For some time I have wanted to write this personal note to congratulate you for the fine job you have and continue to do with The Bull Sheet. It's classy, clean cut, informative and stimulating periodical and I know it takes a great deal of effort.

Many thanks for the contribution it is making to turf management and for sending it all the way to California. We appreciate it much and our best wishes for continued success in 1975.

Most sincerely,  
W. H. Benguefield  
Editor, Green Section Record
