The Latest and Best Bluegrasses:

- ADELPHI KENTUCKY BLUEGRASS**  
 So good it carries U.S. Plant Patent #3150. Rated #1 in 10 years of testing. Selected as the standard of dark green color for Bluegrasses by the U.S.D.A. Fast becoming the most-wanted for sod-growing. Dense, disease-resistant, tolerant of hot, humid weather and low cutting. Greens up earlier, stays green longer. A worthy successor to Merion for fairways and tee areas.
- GLADE KENTUCKY BLUEGRASS**  
 For sun or shade, it's Glade . . . yes, up to 60% shade! It could be what you need for under those trees. It's disease-resistant, dark green, germinates fast and spreads well. Also patented: U.S. Plant Patent #3151.
- THE TOP PERENNIAL RYEGRASS, CITATION!**  
 Germinates in 7 days, has dark green color and is compatible with bluegrasses. Resistant to summer heat, winter cold and diseases. Adapts to most soils. Ideal for fast grass that looks great later, too!

## A SEASON OF EXTREMES FOR 1975

Fred Opperman CGCS, Supt. Glen Oak C.C.

In my opinion this year has been one of the toughest to keep grass. We had a super spring and all turf came out of the winter in excellent shape.

I don't know how many Superintendents keep track of the temperatures and rain fall during the year, but I do. I have a Taylor recording thermometer which records the temperature 24 hours per day for one week. I have had this machine for about 7-8 years and still have all those weekly charts.

This year from May 1st thru August 31 I have recorded at Glen Oak C.C. in Glen Ellyn 46 days of temperatures of 90° or above. No days of 100° of which we usually have 2-3 days per year in the past. There was one period from about July 15th thru August 12th where we only had five days where the temperature didn't hit 90° or above and all those days the temperatures were in the high eightys.

Temperatures and Rainfall breaks down below:

	Temperature	Rain''
June	9 days 90° +	2.68 for month
July	23 days 90° +	1.64 for month
August	14 days 90° +	5.78 for month (2.85'' was on Aug. 30)
Totals:	46 days 90° +	10.10'' Rain
