

The following pictures were taken during the annual golf tournament at Calumet C.C.

Birds of the same feathers flock together, so they say. The above picture is proof of this statement. The golf course supts. in the picture represent 496 years and all are able to be active. l. to r. - Walter Fuchs, Sr., Ben Kronn, Domenic Grotti, Ray Gerber, C. A. Petersen, Frank Dinelli, Robert Williams.

A game of cards is always in order when these seniors get together. l. to r. - Kronn, Grotti, Petersen [who keeps them honest], Dinelli, Williams.

You guessed it - the same seniors on the golf course.

WIPE OUT WEEDS

with Banvel® 4S & Banvel®+2, 4D

HERBICIDES

The broadleaf weed 'specialists' designed for professional turf programs.

Here's why BANVEL® herbicides are the professionals' choice for weed control:

- Used as directed Banvel will not harm trees, ornamentals or turf—it just eliminates weeds.
- No season restrictions. Lay down Banvel from early spring to late fall—all through the growing season.
- Rain will not affect Banvel. It keeps on working because it translocates—penetrates leaves and is absorbed through roots to attack every part of the weed.
- No special spraying equipment necessary. It is easy to clean out of equipment after use.
- Mixes readily with hard or soft water.
- Easily stored through winter months without losing potency.
