**GOLF**

It is a science—the study of a lifetime  
 In which you may exhaust yourself but never the subject.  
 It is a contest, a duel or a melee  
 Calling for courage, skill, strategy and self control.  
 It is a test of temper, a trial of honor, a revealer of character.  
 It affords a chance to play the man and act the gentleman.  
 It means going into God's out of doors,  
 Getting close to nature, fresh air, exercise,  
 A sweeping away of the mental cobwebs,  
 Genuine recreation of the tired tissues.

It is a cure for care, an antidote for worry.  
 It includes companionship with friends,  
 Social intercourse, opportunity for courtesy,  
 Kindliness and generosity to an opponent.  
 It promises not only physical health but moral force.
