TUCO AGRICULTURAL CHEMICALS PUBLISHES MANAGEMENT REPORT ON LAWN CARE

A new management report on lawn care, including suggestions on control of insect and fungi pests, has been published by TUCO Agricultural Chemicals, Division of The Upjohn Company.

The report offers information in insect and fungi control and ways to identify these pests. It also includes management suggestions for lawn care people on maintaining proper soil pH levels for healthy lawns and the need to control thatch buildup in order to get maximum benefit from insecticides.

TUCO Agricultural Chemicals produces Proxol 80 SP, an effective insecticide for control of armyworms, sod webworms, cutworms and larval populations of various beetle species.

LETTER FROM CARL H. SCHWARTZKOPF

March 24, 1980

Dear Mr. Meyer:

I received my membership certificate as an honorary member in your association, and I greatly appreciate your bestowing that status upon me. Your kindness and thoughtfulness is greatly appreciated, and I look forward to continuing to cooperate with the members of the Midwest Association of Golf Course Superintendents in your goals and ambitions of providing the finest turfgrass quality and playing conditions for the players in this part of the country.

Sincerely,
Carl H. Schwartzkopf
