

GOLF SEASON

Did you ever wonder why most golfers will not fix ball marks?
Why when you put a rope, chain or some other restraining device they feel they have to go through that area?
Why do they complain about bad hole cups and then try to scoop the ball out with their putters?
Why do they moan when a low line drive does not stop dead and a high pitch does?
Why trees are the place to drop empty cans, cups, etc. instead of containers provided?
Why they will take 4 practice swings, 4 big divals and only replace the dival when they hit the ball? (I guess 1 out of 5 isn't bad)
Why the wettest area is where they drive the carts?
Why when you want to spray, its always windy, and very calm when the sprayer is broken down?
Why is it always hot and dry when you're having problems with the irrigation system?
Why when you schedule a major project, half the help is either late or no show?
Why the part you break is the one that **has** to be back-ordered?
Why the pin is in front when you are at the back and visa versa?
Why the salesman you **want** to talk to shows up when you are the busiest?

I am sure many more items can be added to this list and they tell me that they fall under "Murphy's Law". So I wonder why this law has to cover so much???

John Stephenson

Dear Ray;

I guess the wait and see attitude fits the bill, as far as Summer prospects are concerned.

"JUNE'S TUNE"

June in It's inevitable way,
Turns Spring into Summer, "Hip-Hip-Hurray"
While We've waited for that Seasonal delight,
It may be a Foe, looking to fight.
Let's hope It's normal, full of good cheer.
Heavenly peaceful, that kind of Year.
Be optimistical in your deliberations,
Helping others enjoy their Summer Vacations.
Rewards are tremendous, sweet or sour the pill,
Hang in there and be, "King of the hill".

Superintendently, **Kenneth R. Zanzig**

WHOSE JOB IS IT?

This is a story about four people named everybody, somebody, anybody and nobody. There was an important job to be done and everybody was asked to do it. Everybody was sure somebody would do it. Anybody could have done it. But nobody did it. Somebody got angry about that because it was everybody's job. Everybody thought anybody could do it but nobody realized that everybody wouldn't do it. It ended up that everybody blamed somebody when nobody did what anybody could have done.
