Notice

April 23, Woodridge Golf Club Meeting Golf Event:

4-man Florida Scramble minimum team handicap of 40
Net team score computed using 25% of teams total handicap
Make your own foursomes

The Golf Committee has adopted an amendment to the S.O.P. which will require that all contestants competing in the Annual Tournament must have participated in at least two other association golfing events prior to the tournament date. This is to encourage membership participation at other meetings in addition to the Annual Tournament Meeting.

Allen Frantik, 2S532 Seneca, Wheaton, IL 60187, is looking for an assistants job in the area. Allen will graduate from U of I in May with a degree in Horticulture and Turf. He has four years experience on golf courses. Call him at: (312) 665-8748.

Midwest Survey Forthcoming

The Executive Board of the Midwest Association of Golf Course Superintendents is making plans to conduct an extensive survey of its members salaries, benefits and budgets. An Ad Hoc Committee has been formed and President Stewart has appointed four Class A members to design and complete the survey.

The itinerary for this project is to have survey forms sent out to all Class A & B members by June 1st, have surveys completed and returned to the President of MAGCS by July 1st, and to collate information received from the survey for distribution by September 30th or sooner.

The results of the survey will not appear in the **Bull Sheet** due to a shortage of space and because participation will be limited to active golf course superintendents only. If you would like to become more abreast of the various types and/or styles of golf course operations in the Midwest area then it would benefit you as a member to participate.

Upon completion of this survey the Golf Course Superintendent can use this as a viable tool. It can be used during interclub communications, budgeting—both annual and long range, and for setting personnel goals. The success of this project is solely in the hands of the membership.
