

APRIL, 1988
VOLUME 41, NO. 11

the Bull Sheet

Midwest Association of Golf Course Superintendents
of The Greater Chicago Metropolitan Area

ARTICLES:

President's Message by Michael Nass, CGCS
Addresses the frenzied spring rush and the MAGCS participation in the Chicagoland Flower & Garden Show

"Staying With the Times", by Joel Purpur. Stresses the need to make time to keep up with your reading of the latest technology advances.

The Cause of Black Layer in Golf Greens: An Alternative Hypothesis by L. L. Burpee
Much discussion on this subject and here is another opinion.

"1988 Golf Tournament in Houston", by Ed Fischer. The hospitality in Texas was great and our members came out winners!

"New Chemical Weapons for Fighting 'Poa Annua' in Bentgrass Polystands", by Dr. R. T. Kane. Explanations of how and how not to use these new chemicals.

Anticipate Unsightly Leaf Disease This Spring, by James Fizzell. Look for Apple Scab, Cedar Apple Rust, and Sycamore Anthracnose.

From the Desk of a Greenchairman, by Jim Anderson, Sunset Ridge C.C. Points out what a superintendent has to come to grips with.

"Dr. Roy Goss, Turf Expert Retires". A tribute to a fine turf man.

"Our Future is Now", by Ed Fischer, CGCS. Good common sense on the use of chemicals.

NEXT MEETING
