

INSTRUCTOR, HORTICULTURE

Joliet Junior College, the nation's oldest public junior college, is a dynamic comprehensive community college located 45 miles southwest of Chicago, serving a varied district encompassing approximately 1,500 square miles and 360,000 people.

Joliet Junior College offers a wide variety of both degree and certificate programs to an enrollment of 10,000 students.

Joliet Junior College is seeking applicants for an appointment beginning January 2, 1989 for a Horticulture Instructor. A Masters degree in Ornamental Horticulture or related subject required. College teaching experience in Ornamental Horticulture and practical experience in horticulture business fields and/or production horticulture preferred. Letters of application, resume, transcripts and references must be complete and on file by August 26, 1988 to receive consideration. Direct applications and inquires to:

Office of Human Resources
JOLIET JUNIOR COLLEGE
1216 Houbolt Avenue
Joliet, IL 60436
An Equal Opportunity Employer

Here is a quote that needs repeating by John Stephenson, of Pottawatomie Golf Course. The talk was on trailers and John's comment was "I'm a hell of a good go-forwarder." That tells you what kind of a "back-upper" he is.

1988 MAGCS WESTERN OPEN HOSPITALITY TENT

Bruce R. Williams, MAGCS Chairman of Publicity & Finance

I would like to take this opportunity to thank all of the MAGCS members who worked at our hospitality tent at the 1988 Western Open. The following individuals worked at this year's tent: Keith Kohlman, Rick Elyea, Bruce Williams, Jim Evans, Tony Meyer, Verlyn Strellner, Joel Purpur, Dave Blomquist, Al Fierst, Roger Stewart, John Turner, Bret Rush, Bill Krafft, Keith Johnson, Ken Baker, Mike Nass, and Jeff Smith.

The tent was well attended by MAGCS members and their guests. An ample supply of beverages came in handy as we had three hot and dry days. This year we had a television in the tent providing live coverage of the Western Open as well as a video tape produced by GCSAA.

We are all grateful to Oscar Miles and his staff for all of their help prior to the tournament and during the event. Oscar's golf course was in superb condition and a credit to his hard work after last year's disastrous floods. Oscar's attention to detail didn't end with the golf course. He arranged for the set-up of the tent, wiring, ice and beverage delivery.

Our tent would not have been possible without the cooperation of the Western Golf Association. We thank them, as an allied association, for the opportunity to offer some hospitality to our members.

Finally, I would like to thank the Tee 2 Green Corp. for their continued support of our hospitality tent. Tee 2 Green Corporation sponsors our tent each year and we appreciate the help of Tony Meyer, Warren Bidwell, and Bill Rose.
