Richard Hahn explaining computer spread sheets.

Computer Usage Workshop

On April 9th about eighteen MAGCS members attended the Computer Workshop held at Chicago Toro. Software demonstrated include: Turf-Byte Bulletin Board, TRIMS, Lotus 1-2-3, Word Star, and Network 8000.

A sincere thanks goes out to Russ Fink, Rick Hahn, Ray Schmitz (our computer wizzes), and Bob Emrick, Jim Reed and Ron Jones (Toro). Thank you all for making it happen!

An enjoyable and educational time was had by all and further workshops will be considered for the future.
