TAILGATE UNLOADERS LOAD OR UNLOAD IN A HURRY

Easy-mount mechanism allows quick attachment to any pickup tailgate, without use of tools.

Big 8" pick-up hose with dual control handles is easy to use.

Switches from loader to unloader in seconds. Discharge chute rotates full 360°.

Great for leaves or clippings, or other debris. Powerful 1375 cfm capacity.

Choose from 7½ through 14 HP air-cooled gasoline engines. All designed to provide dependable power.

Heavy-duty steel construction for years of rugged use. Baked enamel finish resists corrosion.
