Re: New Legacy Awards**

Please inform your members that the deadline for applications for the new GCSAA Legacy Awards is April 1, 1991. The Legacy Awards were created to give college scholarships to academically talented children and grandchildren of GCSAA members. The awards are based on academic ability, community and extracurricular involvement and an essay. Awards amounts can range up to \$5,000, depending on financial need.

Interested GCSAA members may contact the Office of Scholarship at 913/841-2240 to get a copy of the application or to find out more information.

NECROLOGY

It is with deep sense of loss that we announce the death of Paul J. Popp who died on January 21, 1991. Paul was 86 years old. Paul served as superintendent at Riverside Golf Club and Indian Lakes. Paul was a long time member of the MAGCS.

Congratulations to Mr. & Mrs. Nick Hongisto of Schaumburg Golf Club on the birth of their second son, Peter. Peter was born on January 21, 1991 and weighed in at 8 pounds and 2 ounces.

Job Opening: Crystal Tree Golf and Country Club, send your resume to: Chairman, Superintendent Search Committee, Crystal Tree Golf and Country Club, 14500 Crystal Tree Drive, Orland Park, IL 60462.

Northmore Country Club maintenance shop was burned extensively on January 30, 1991. Jim Johns reports a good portion of his equipment and his irrigation control room was lost due to fire or water.

**Chicagoland Golf Course Mechanic's Association
Proposed Itinerary**

- January — Kohler, WI
- February — Echo, Twin Orchard
- March — Fastners, Village Links

- September — Tractors, Exmoor
- October — St. Charles C.C.
- November — Illinois Lawn, Orland Park
- December — N.C.T.E., Pheasant Run
- Alternate Meetings — Glenview P.D.

Monthly Meeting Education Review

MARCH 19, 1991 — Nordic Hills Resort: Robert Graunke, CGCS of Eagle Ridge G.C. will provide a valuable presentation on Training New & Existing Employees on Hazardous Communication. Robert has developed this program which outlines all the necessary steps we need for hazardous communication compliance. Anyone seeking further information on implementing their own program should definitely attend. Don't miss it!

APRIL 15, 1991 — Village Links of Glen Ellyn: Dr. Tom Green, Plant Pathologist from the Morton Arboretum will discuss pest management using phenological indicators. Rather than applying plant protectants for ornamental pests based on the calendar method, this approach utilizes the flowering periods of indicator plants to signal pest occurrence. This method is the most accurate technique for making spray determinations and results in effective, cost efficient, and environmentally sound pest control. Say Good-Bye to Bugs. Be There!

MAY — No Education.

Further education previews will follow in subsequent issues of **The Bull Sheet**. Read it and be informed!

Dave Blomquist, winner of the 1990 "Ray Gerber Editorial Award"

For those of you who would like to add your name to the "Ray Gerber Editorial Award", you have only six months left to do so. My suggestion is to get writing pretty soon while things are still a little slow.

Bob Maibusch and Roger Stewart will be conducting a seminar for voting delegates next year at the GCSAA conference. Title for the seminar will be, "How to Get Your Candidate Elected By Not Voting."

Mr. & Mrs. Walter Fuchs, Sr. have been having a rough time lately. Mrs. Fuchs fell and broke her pelvis in January. She no sooner got home than Walter had another heart attack. This time he had a triple bypass surgery. On top of that he had gall stones that were causing problems. Keith and Wally state that he is still feisty and hard to keep down. We wish a speedy recovery to both.

Peter Leuzinger may have found another occupation this past winter. At least he discovered a talent that had laid hidden all these years. De Ann's Christmas present to Pete was a gift certificate for an art class. His paintings are quite good. Can we look forward to a private showing someday at the Chicago Art Gallery?

There are Superintendent's positions open at Antioch, Crystal Lake C.C. and Crystal Tree C.C.

Last but not least — Congratulations to Bruce Williams on his Directorship on the GCSAA Board.
