

MILLCREEK TOP DRESSERS

**An Easy Way to Dispose
of Grass Clippings...
And Save Money**

In one easy step, eliminate costly dumping fees and improve the rough by spreading grass clippings still enriched with precious fertilizer. Millcreek's Top Dressers are equipped with an adjustable undershot poly brush designed to evenly distribute top dressing from three to ten feet wide.

The spreading uses of these Top Dressers are endless:

- Fertilizer
- Sand
- Top Dressing
- Grass Clippings
- Seed
- Compost

Models are available with PTO or Engine Drive.

Low Maint. High Play"

Tony Rzadzki/Fred Behnke/Terry Dillner, "New Supt.
Roundtable"

Pat Kelly/John Maguire/Chuck Totten, "Mechanics
Roundtable"

Vince Dodge, "Superintendent — Assistant Interactions"

Jerry Taft, "Our Goofy Weather" (tentative)

NCTE

Workshop — Bruce Williams, "Teamwork Approach Towards
Golf Course Maintenance" — Nov. 30

MAGCS Session — Roundtable Pesticide Discussion — Dec. 1
Participants: Dr. Frank Rossi, Dr. John Harkin,
Dr. Tom Long, Dr. Bill Jameson, Ms. Camille Stauber,
Ms. Barbara Mullarky

Remember to attend the proposed By-Law Explanation meeting that will be held on November 4th at the Oak Brook Hills G.C. at 4:30 p.m. in the Yorkshire room. Bruce Williams will chair the meeting.

This fall we plan a full education agenda. Keep the following dates open:

November 18 — Midwest Clinic at Medinah C.C.

November 30 — MAGCS Workshop at the NCTE

December 1 — MAGCS educational session at the NCTE

At the clinic, local superintendents, assistants and mechanics are going to share their ideas with us. Our "Keynote Speaker" will be Captain Al Haynes. Some may remember Captain Haynes as the pilot of the ill fated C-10 that crashed in Sioux City, Iowa. He has an informative, exciting and inspirational presentation.

Bruce Williams, Superintendent, at Bob O'Link Golf Club will present a workshop that is open to and geared for your entire crew. Bring your assistant, mechanic, spray technicians, and laborers to gain some insight towards working as a team to accomplish your goals.

For the MAGCS session at the NCTE, we are going to have a "Roundtable" pesticide discussion. University specialists, government officials, and local lobbyists will discuss the hottest pesticide related issues. This will be an excellent opportunity for superintendents to bring anyone who has shown interest in your plant protection program, either good or bad. The MAGCS will allow these parties free admission to this particular session as long as you have contacted Dave Blomquist beforehand. Superintendents will gain valuable knowledge when dealing with "adverse" parties if you attend this session.
