### Musser Scores with Miles at Merit

by Dudley Smith

On Wednesday, July 12th the Penn State Turfgrass Alumni working in the Chicago area were the guests of Oscar Miles at the Merit Club in Gurnee.

Those attending from Indiana, the Quad-Cities, and Milwaukee, enjoyed a meticulous golf course. Oscar has a spacious 21 hole layout rambling over 350 acres, with large undulating Penn Links greens and vast prairies and water spillways.

The course was designed by local architect Bob Lohmann.

The Penn Staters enjoyed golf with caddies, followed by snacks and cocktails. The group raised over \$2000 for the Musser International Turf Foundation.

Marcy & Jeff Leuzinger are proud to announce a new addition to the Leuzinger family. Derek Van Leuzinger was born on Saturday, June 24, 1995. He weighed in at 8 pounds, 4 ounces and measured 20 inches. Needless to say Grandma & Grandpa Leuzinger are quite proud also.

For Sale: 1987 Jacobsen TF60 with Green mower heads, \$2250. Northland Imperial 22 cubic foot NSF freezer, \$475. Perlick Reachin 4 keg Coolerette, \$850. All in excellent condition. Call Woodbine G.C. and ask for Ted or Jim. 708/301-1252.

Joel Purpur is holding a Titleist pitching wedge with a brown grip that was found at the River Forest G.C. after our last meeting there. Call Joel at 708/782-4259 to claim it.

Peter Voykin was busy last fall and this spring by totally rebuilding #4 Red. A new green, tee, and lake were constructed. Plus many new traps were built or remodeled, with other traps being closed in. There is only one word to describe the flowers at the clubhouse at Twin Orchard — spectacular.

Professor M.C. (Marv) Carbonneau is retiring after 32 years on the faculty of the Department of Horticulture at the University of Illinois. Congratulations are well deserved.

Assistant Needed: Call Kevin Knudson at Settler's Hill G.C., 708/232-4922.

At the August 21, MAGCS meeting at Hughes Creek, Dave Meyer states we will have a pig roast after our golf. This is also "Seniors Day" and their golf championship day.

The University of Illinois has made some major changes: They have made 5 departments into 2 departments which will be the Resources and Environmental Sciences.

As Editor I get quite a lot of mail and it is addressed in various forms and ways. But recently I received one from an ad agency addressed to the "Beauty Editor". Looks like we need another staff person to head that department.

IPM Software Available — Interested in IPM software for your business computer? Purdue Extension Services is offering monitoring software which compiles a plant inventory while recording all insect and disease information throughout the growing season. It can also be customized to include pesticide records and inventories, treatment records, report and graph evaluations, labor use, and more. The cost is \$100; make checks payable to Purdue Research Foundation and mail order to Entomology Extension Office, Purdue University, 1158 Entomology Hall, West Lafayette, IN 47907-1158.

Help Wanted: Full time sales person, golf course and landscape experience required. Company vehicle, benefits, salary plus commission. Apply in person Huber Ranch Sod Nursery, Schneider, Indiana. Phone 1-800-553-0552.

The annual tournament in September at Prairie Landing will have a slightly different format. The flights will be championship, first, second, commercial first, and commercial second. There will not be a senior flight this year. The seniors will compete for the MAGCS Senior Crown in August at Hughes Creek.
