.....

Big congrats (and well-deserved) to JT **John Turner** on being awarded Purdue University's 2011 Agronomy Achievement Award on September 17<sup>th</sup>. Department head Dr. Joe Anderson recognized JT as an alumnus (class of 1980) who has made a significant contribution to his profession and to our industry. John and his wife Pam attended the ceremony, and toured the campus, including a stop at the Daniel Turf Research Center (named after the renowned Dr. Bill Daniel). Past GCSAA president Dave Fearis and Knox Fertilizer president Bob Shaw are former winners of this coveted award. Congratulations JT!

*Johnn Turner*
