HAVE YOU BEEN LOOKING FOR A GOOD ALTERNATIVE? HERE IT IS.

This is a utility truck. It's simply designed. No frills. It's just built to work. Not to be worked on. Because it seldom needs it. Built tough. Built right. Built to last. We make sure of that. By test-running each unit before it ever leaves our plant. And because of its simple design, it's simpler to operate. So you never have to sweat about getting the job done. And all this for as much as \$1,000 less than comparable units. (And couldn't your budget stand an extra \$1,000?). Now, isn't this just about everything you ever wanted in a utility truck? Maximum speed 35 MPR. Can be adjusted to 14 MPR. Call today 312/620-8064.

WIPE OUT WEEDS

with Banvel® 4S & Banvel®+2, 4D

HERBICIDES

**The broadleaf weed 'specialists'
designed for professional turf programs.**

Here's why BANVEL® herbicides are the professionals' choice for weed control:

- Used as directed Banvel will not harm trees, ornamentals or turf—it just eliminates weeds.
- No season restrictions. Lay down Banvel from early spring to late fall—all through the growing season.
- Rain will not affect Banvel. It keeps on working because it translocates—penetrates leaves and is absorbed through roots to attack every part of the weed.
- No special spraying equipment necessary. It is easy to clean out of equipment after use.
- Mixes readily with hard or soft water.
- Easily stored through winter months without losing potency.

**Banvel herbicides—products
for professional turf men**

A TRIP TO HAWAII - PART II

By George A. Davis, Sr.

Now that you have arrived at the hotel of your choice and have been assigned to your room, you will want to divest your traveling clothes to tropical garb so that you can take a walk to see the beach and shops.

Many Malihinis (new-comers) buy aloha shirts for the men and muumus for the ladies which will be your principal clothing in your daily walks and sight-seeing. It's fun clothing that gives you the aloha spirit.

Normally, Hawaii is four hours later than we in the middle-west but with daylight saving, the time change is now five hours. Hawaii has no time changes being in the tropics. Example: If it is five P.M. in Chicago, it is 12:00 noon in Hawaii in the summertime and 1 P.M. in the wintertime.

Eating will be an important part of your vacation, and most hotels have fine coffee shops - for breakfast and lunches, but some are better than others. For good food and adequate meals at sensible prices, you can try the following in the Waikiki area:

*Jolly Rogers - *The Snack Shop - *The Rigger - *Imperial Hotel Coffee Shop - Smorgy at Outrigger and Reef Hotel - Stewart's Drug Store - *Coffee Shop at Ala Moana Hotel - *Coffee Shop at Ala Moana Shopping Center - Cafeteria at Hawaiian Village - *Pier 6 at Ilikai Hotel - *Wailana Coffee Shop - New Sizzler - even a McDonald's in Waikiki - Deli for Jewish-type food.

There are many others, but the above have been convenient. Those marked with a * are our favorites.

For dining out meals, we recommend:

*Fisherman's Wharf - *Columbia Inn (Home-type meals) - Buzz's Prime Rib in Reef Tower Hotel - Pagoda - Smorgy Buffet - *Yacht Harbor Towers Restaurant - *Rainbow Towers Restaurant in Hawaiian Village - *Prince Kuhio at Ala Moana Shopping Center - *Ming's Place for Chinese food - The Ranch House - Victoria Station - Horatios.

(* shows our favorites)

For sophisticated dining with prices to match, try:

Kahala Hilton Hotel - Michelles - Canlis - Third Floor Waikiki Regent Hotel - Nick's Fish Market - Royal Hawaiian Monarch Room (with entertainment), Halekulani Hotel - Don Ho at Reef Towers.

For entertainment, there are three or four weekly papers (free) "what to see and where" distributed all over Waikiki - places for entertainment each week and the daily newspapers also give a calendar of daily events.

We recommend the Hula show at Kapiolani Park four times a week in the mornings - it's free and well attended - bring your movie cameras - visit the zoo also at Kapiolani Park, also the Fish Aquarium - visit Pearl Harbor - Sea Life Park - Polynesian Village - Ala Moana Shopping Center - Downtown Honolulu area - a trip around the Islands - Waialae Golf Course - Kahala Shopping Center - Haunauma Bay and Punch Bowl National Cemetery.

For transportation, you can use the bus which only charges 25 cents per person. You can get a route map free at Hawaiian Visitors office and with it, can ride into many interesting areas at little cost.

Ladies, the best place to shop is Ala Moana Shopping Center where you have many local and national stores that have a large selection of items to choose from.

Liberty House (the Marshall Field's of Hawaii), J. C. Penney, Caryl and Mary's, Sears, Woolworth, and many foreign national stores are represented here. In

the Waikiki area, there are hundreds of small shops including the International Market Place which is in the center of Waikiki.

Long's Drug Store is our favorite place to shop. It has many worthwhile sales and prices on macadamia nuts and candy, etc. It is a fun place to shop.

Some Hawaiian words that one uses a great deal are:

Mahalo(thank you), pau (finished), Homalimali (baloney), Wiki Wiki (quickly), Aloha (hello & good-bye), aloha nui nui (much love), Kala (money), malahini (new comer), Kamaaina (comebacker), Haole (Caucasian person), Hoppa Haole (part Caucasian), maikai (feel fine), maikai no (don't feel so good), pupule (crazy), opu (your stomach), opu nui nui (big fat stomach), hapai (pregnant), mahu (queer).

Credit cards are welcome for normal purchases, such as Master Charge, Bank of America, American Express, Diners, Carte Blanche. Travelers Checks are fine, as it is recommended one shouldn't carry too much cash on his person or expensive jewelry.

Finally, it is my recommendation on your first trip to Hawaii that you spend your time in the Waikiki area where you can enjoy plenty of activity as well as relax and enjoy the climate and beaches.

Visiting the other Islands is very taxing and much of your time is spent going in and out of hotels, buses, and planes. There is, however, a one day, sight-seeing plane trip that visits all of the Islands to give you an idea of what they are like. This trip is popular and well patronized.

In conclusion, I hope your trip to Hawaii will be a very pleasant one. Have a good time.

P. S. There is a Hawaiian Visitors' Bureau in Chicago at 410 N. Michigan Avenue, 60611 (phone: 944-6694). If you wish literature sent to you in your letter, enclose a large, self-addressed, stamped envelope with 24 cents in stamps on the envelope.

So many politicians are talking about turning this country around that it's hard to remember, from day to day, in which direction we're headed.

Northrup King thinks:

quality turfgrasses ought to hang tough!

Today you need turfgrass that can thrive with as little maintenance as possible. So Northrup King offers seed for grass varieties that are both beautiful and tough.

Aquila Kentucky Bluegrass persists under low to moderate fertilization, and it requires less moisture to maintain its dark green color. These attributes distinguish Aquila from other bluegrass varieties.

Parade Kentucky Bluegrass is extremely fast-starting and develops a tough sod quickly. It is truly a vigorous variety that can take traffic and come back fast from injury.

For information on these and other outstanding turfgrasses, contact your Northrup King representative.

Take the guesswork out of turf insect control

Diagnostic Aid from **TUCO**

Many turf insect larvae feed at night; turf damage often is the first sign of their activity. Diagnostic Aid, applied as directed, causes insects to emerge to the surface within minutes, where they can be identified and counted.

Proxol* 80 SP Insecticide from **TUCO**

Proxol controls sod webworms and cutworms. A sod webworm larva can chew up 20 square inches of turf in its life span of 20 to 40 days; the cutworm larva can devour up to 36 square inches — good reasons for early detection and control. Ask us about Proxol.

One bottle of Diagnostic Aid FREE in each case of Proxol 80 SP
