**84 Inch
 Triplex
 Mower**

**No frills.
 Just performance and durability.**

A functionally designed commercial mower. It is built to operate continuously eight hours a day right through the season. Servicing is simple. The engine comes off with four bolts; the tires, the clutches and all other adjustments are readily accessible. It's a natural for hill work with the widest track and lowest center of gravity of any of the Triplex mowers. The unit is geared so that the engine will operate at one half to three quarters throttle to give long engine life.
