

LEAF-RELIEF

from Davis, your exclusive Chicagoland
sales and service source for

GIANT-VAC

GIANT-VAC offers a complete line of machines and attachments to fit all needs.

"Wherever there is debris, there is a need for a Giant-Vac and Giant-Vac offers a model for all needs". Highly efficient, ruggedly built, and economically priced - Giant-Vac, the pioneer and leader in its field, offers you the ideal unit to solve your cleaning problems.

Especially for clearing Fall fairway leaves. Let the Davis Company show you how to keep your fairways in play *all the time* with Giant-Vac double headed blowers. Call for your free demonstration, today.

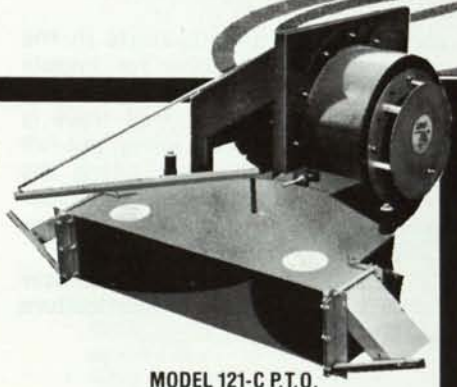

Truck Loader - MODEL 1001-C and 1401-C

These models are ideal for loading leaves or other debris into a truck. They feature either a 10 or 14 H.P. engine. A 10 inch pick up hose is standard and other accessories are offered.

MODEL 888-898 —
1010 & 1495 Trail Vacs

GIANT TRAIL VACS 8, 10, and 14 H.P. or PTO drive available for tow-behind tractor. 48 cubic foot hopper, self dumping with spring loaded door, comes with a nose cone. The vacuum compresses debris in the hopper.

MODEL 121-C P.T.O.

P.T.O. DRIVEN DOUBLE HEADED BLOWERS are extremely rugged and incorporate an aerodynamically efficient discharge head for blowing in either a left or right handed direction. Adjustable deflectors direct the flow of the 280 MPH air discharge, clearing a very large swath with each pass.
