

Rejuvenate your old Sand-Pro® with a new 14 h.p. Kohler Engine conversion kit.

Spring-loaded box scraper and scarifier with closed ends prevents windrows. Automatically self-relieving across entire width of scraper to leave a smooth, even surface.

Increase the versatility of your Toro Sand-Pro and rejuvenate it at the same time with a 14 h.p. Kohler engine conversion kit. Now you can put new life and pep in your old Sand-Pro. The 14 h.p. Kohler engine features a Donaldson Air Cleaner for superior performance and longer engine life. It also delivers added horsepower for greater efficiency when using accessories. A sand blade can be used with ease to push sand back into high spots in a trap. The Kohler 14 h.p. engine coupled with a high speed transport kit can even save time and money on labor costs. So, increase the versatility and performance of your Sand-Pro—Call Today!

For more information call your local distributor or the service department at Chicago Toro for additional information.

This conversion kit was designed by the Chicago Toro Turf-Irrigation, Inc., a privately owned distributorship and is not necessarily sanctioned or endorsed by the Toro Company.
