Clesen's can supply custom blended mixes for your special applications

Whether new installations, broadcast, slit, hydro or over-seed applications, our top quality *certified* seed varieties are the best for the Chicagoland area.

- Bentgrass
- Bluegrass
- Ryegrass
- Fescue
- Wildflowers
- Native Grasses
- Clesen Mixes
- Custom Mixes

Weyerhaeuser **Silva-Fiber** Wood Fiber Mulch

100% Pure Virgin Wood Fiber for Hydraulic Mulching

Mixed with water, seed and fertilizer, Silva-Fiber is easily sprayed on soil with hydraulic equipment.

- One-step mixing
- Free delivery by bags or truck-load
- Also available with 3% tackifier added
- Now available with half wood and half paper

Terra-Sorb Crystals
Absorb Water

Terra Sorb crystals expand 30 to 40 times their size by retaining moisture. Water is released back to the plant as needed. Terra-Sorb is available in 3 different granular sizes and as a seed coating.

- Soil moisture retention in newly seeded areas, sod, transplanting nursery stock, container grown plants and hydraulic mulching
- Seed coating in slit-seeding or overseeding
- Root dip in transplants
