

# 2 new models. 5 extra inches. 11% more common sense.

Higher capacity  
hydraulic circuits.

New one piece  
enclosed hood.

New console  
for controls.

Two new models:  
LF-123 and LF-128.

Sensible  
hydraulic  
flow layout.

100 inches  
of cut  
per pass.

Introducing the 23-horse LF-123 and the 28-horse LF-128. Both offer common sense where you need it most.

**More horsepower per inch of cut.** Even with fewer horses than the nearest competitor, we deliver up to 11% more horsepower per inch of cut. How? By featuring hydraulic flow layouts that get power to cutting units more sensibly. Instead of one pump being responsible for more cutting, each shares work evenly. The result: superior cutting capacity—even in thicker, heavier grass.

**More inches per pass.** You get a 5" wider swath than the nearest competitor—a full 100 inches of cut per pass.

**More sensible features.** New, more ergonomic controls mean more operator convenience. A stylish, new enclosed hood design lowers sound levels and makes accessibility easy. And the optional, one-of-a-kind Turf Groomer® fairway conditioner creates the ultimate fairway playing surface. Both two-wheel and four-wheel-drive models are available. Ask your Jacobsen dealer for a demonstration.
