# MILLCREEK TOP DRESSERS

**An Easy Way to Dispose  
of Grass Clippings...  
And Save Money**

In one easy step, eliminate costly dumping fees and improve the rough by spreading grass clippings still enriched with precious fertilizer. Millcreek's Top Dressers are equipped with an adjustable undershot poly brush designed to evenly distribute top dressing from three to ten feet wide.

The spreading uses of these Top Dressers are endless:

- |                |                   |
|----------------|-------------------|
| • Fertilizer   | • Sand            |
| • Top Dressing | • Grass Clippings |
| • Seed         | • Compost         |

Models are available with PTO or Engine Drive.

**MILLCREEK**  
TURF PRODUCTS

# Now Daconil Ultrex® Fungicide Is More Cost-Effective Than Ever.

Tests show spray-dry Daconil Ultrex® fungicide, with its new, enhanced Super Weather Stik™ formulation, delivers exceptional results at application rates 20% lower than before\*. That means you can now use Daconil Ultrex more often for better disease control without a significant increase in overall cost. And if you really want to open your eyes, take the Daconil

Ultrex Challenge, and get enough free product to try our new seven day, low rate spraying program on one green or fairway all season long. Ask your distributor for all the details. It could give you better disease control than you've ever had before. ISK Biosciences Corporation, Turf & Specialty Products, 1523 Johnson Ferry Rd., Suite 250, Marietta, GA 30062.

**ISK BIOSCIENCES™**

Always follow label directions carefully when using turf and ornamentals plant protection products. \*For best results, we recommend using 20% lower application rates on a 7-10 day schedule. Section 12(a)(2)(G) of FIFRA provides that it is unlawful for any person "to use any registered pesticide in a manner inconsistent with its labeling"; quoted language is defined in section 2(ee) of FIFRA and expressly excludes the act of "applying a pesticide at any dosage, concentration, or frequency less than that specified on the labeling unless the labeling specifically prohibits deviation from the specified dosage, concentration, or frequency." Thus, in the absence of specific label prohibitions, it is not unlawful under section 12(a)(2)(G) to use a registered pesticide at a dosage, concentration, or frequency less than that specified on the labeling of the pesticide.
