What Value do Trees add to your Course?

In most cases, the value is extraordinary as trees are part of the field of play. Let our team assist in protecting and enhancing the trees that are so much a part of your course.

With more than 100 professionally trained arborists located in 10 Chicagoland offices, we are able to respond quickly to the challenges of golf course tree care.

.....
The University of Illinois Field Day was a success. Coordinated by Carol Hoppman and ITF, a group of superintendents and sales reps took a chartered bus down to Urbana-Champaign. Refreshments were provided by Arthur Clesen, Inc. and Bayer Corporation. The day was perfect, and the staff at the U of I had everything in order. For those of you who have never made the trip, or have not made it for a long time, it is well worth the time taken to see just how our research dollars are being spent.
