Spray Banolfirst. Because the best Pythium cure is also the best Pythium preventative.

Banol benefits

- Proven in university tests as the most effective preventative and curative for Pythium in all types of turf.
- Unique action stops fungal growth, then protects against future Pythium outbreaks.
- Multi-site mode of action means you can rotate with just one other fungicide, not two.
- No documented cases of Pythium resistance in nearly 20 years.
- Non-phytotoxic and safe to use on young seedlings.
- 100% water miscible concentrate.
