

You can never be  
too good.

Thirty-five years of experience. Ten product advancements. Thousands of testimonials. You would think that Daconil® was as good as it could get. A good golfer keeps working on his game. So does a good fungicide. Our Research and Technology Department continues to improve the unique formulation that makes Daconil the leading fungicide on brown patch, dollar spot, algae, and 11 other diseases. To learn more about Daconil and how we're redefining premium, call your Syngenta rep at 1-800-395-8873.
