Now there's a way to get better looking, better playing greens.

*The key, a flexible cutting unit that follows the undulations of the green, allowing you to cut as low as 1/16" with virtually no scalping or marking.*

*A single control lever to engage both the traction and reel.*

*A cutting unit that comes off by removing two bolts for easy grinding and changing of reels after topdressing.*

**TORO** Count on it.
