"We've used RapidTurf on four different courses." Sodding 19 greens over a 212 week period. Each of these greens was playable inside of two weeks. RapidTurf does not float like washed sod. And since there's no damage in cutting, it roots faster after installation. I highly recommend it!"

Tom Jauch Vice-President GolfVision LLC

"RapidTurf is a good product. We used it for tees last year and we will use it again this year. There' no doubt, it establishes faster than washed sod."

Tom Brodeur **Crystal Tree Country Club**

"It went in great and it looks awesome. I can't wait to see it in play."

Michael Gruening Park Ridge Country Club "It roots faster than any grass I've seen before. In fact, it began rooting withing two days of installations We opened in half the normal time. It's great stuff!"

Lawrence Flament, Stonewall Orchard Golf Club

"We used it on tees. RapidTurf got them bear into play wintin 7 days. It accepted high traffic with no problem. I am very pleased."

Bob Lively McHenry Country Club

"We used it last fall for four greens, lt's an easy and fast installation. The first green took two and a half hours. We top dressed it and rolled it the next day. There are no signs Poa, none."

Steve Van Acker Crystal Lake Country Club
