

"Ha. Looks like those guys can't handle a little Tenacity."

Tenacity® herbicide. Safe for seeds. Not good for weeds.

This revolutionary product works in a way where new turf seeds safely metabolize the active ingredient mesotrione but unwanted weeds and grasses fall victim. In fact, Tenacity® selectively controls 46 types of weeds and grasses. Apply Tenacity during this year's overseeding and watch unwanted weeds and grasses wither away. Your grass seeds have never had a better ally.
