GREEN KEEPERS MEET WITH CDGA OFFICIALS

On Friday, March 18th, 1949, the Chicago District Golf Association will conduct a special turf conference in conjunction with the Midwest Association of Golf Course Superintendents.

Mr. Frank M. Whiston, President and Mr. Earl F. Tilley, Greens Chairman of the CDGA have extended an invitation to members of our association to attend this important meeting.

Dr. Fred V. Grau, Director of the United States Golf Association - Greens Section will be present to address CDGA members and superintendents on current greens problems and other phases of turf management.

Cocktails will be served at 6:00 PM and dinner (\$4.25 per person) at 6:30 PM in the Chicago Room on the mezzanine of the LaSalle Hotel.

I am certain that no superintendent can afford to overlook this meeting and what it represents to both club officials and yourself.

You are sincerely urged to sit in on this get-together - not only as an individual but as a group that devotes much of its time in the promotion of improving the game of golf through the effort of improving better turf conditions for the golfer of tomorrow.

Fraternally yours,

Mel Warnecke, President

MINUTES AND MOTIONS

At our January meeting, the membership dues were increased 50%. This represents an increase over last years dues of \$3.00 making a total of \$9.00 which becomes effective as of January 1, 1949. The initiation fee remains the same.

The Executive Committee felt that this procedure was necessary in order that the association could function in a progressive manner without delay due to higher cost of operation during the past several years.

The National Greenkeeping Superintendents Association has selected Chicago as the site of the 1951 National Turf Conference and Show.
