

Letters to the Editor

Dear Dan:

I want to take this opportunity to thank you and Irene for devoting much of the summer issue of FLORIDA GREEN in helping FTGA promote our recent Conference and Show.

I was particularly impressed with the way Irene combined information from several sources into one smooth flowing, easily-read article. The coverage and publicity given to us from the articles, ads, and editorial were significant in increasing the attendance as well as "getting the word out."

Again, Dan, thanks for your help in support of FTGA and continued success as editor of FLORIDA GREEN.

Sincerely,

William E. Nass, Editor
FLORIDA TURF DIGEST

Dear Dan:

Congratulations! Your newsletter has been selected a winner in the 1985 GCSAA Chapter Newsletter Contest.

A news release will be distributed soon to affiliated chapters and news media giving official, public notification of the contest results. An article will also be published in the January issue of *Golf Course Management* on the winning newsletters and the contest details.

You will be recognized for your outstanding work during the Opening Session of the 57th International Golf Course Conference and Show in San Francisco. I hope you can be present. Please notify Bill Shelton, GCSAA Media Relations Manager, of your intentions regarding attendance. You will then be notified of the details of the presentation.

You should be proud of this accomplishment. A lot of hard work and time is required to publish a newsletter — especially a winning newsletter.

Hope to see you in San Francisco.

Cordially,

James M. Taylor, Sr., CGCS
Chairman, Communications/Awards Committee

Dear Dan:

As you can obviously notice from the stationery, I am once again a golf course superintendent. It all happened very fast; I saw the job listed in the G.C.S.A.A. referral service, sent my resume in, went to two interviews, and in a two week period became the golf course supt.

However, the main reason for this letter is to tell you how exceptional the Fall 1985 issue of "The Florida Green" was. One of the sentences on the last page expressed it very well, "How do we top this issue?" I keep asking myself that question, but then your next issue comes out and answers it. Since I am in Kansas City and my family is in Peoria trying to sell our house, I left the issue with my wife. I told her to read about San Francisco because everything she wanted to know about the town was covered. You and your staff did not miss anything; plus you still had space to cover excellent topics like two-way radios.

I would appreciate it if you could change my mailing address to Blue Hills C.C., 777 W. Burning Tree Drive, Kansas City, MO. 64145. I am looking forward to seeing you in San Francisco.

Respectfully,

Dave Fearis

Dear Dan:

I really was impressed with the cover on your fall issue of The Florida Green and your pre-conference coverage inside. It all reminded me to remind you that we are looking forward to your conference article in our April issue.
