

ANCHOR IT

Anchors Turf Covers & Sod Faster & Easier

Anchor It is the fast easy way to hold sod and turf covers in place. No more tedious staking...no more anchoring problems. Firmly holds materials in place on even the steepest slopes.

Anchor It works like a large staple gun. Simply position Anchor It in place, press down on the spring loaded handle and a sturdy, 6" long steel staple is set to hold sod, greens covers or landscape sheeting firmly in place.

Sturdy cast aluminum construction is lightweight (it weighs less than 10 lbs.) for easy use. Handles are cushioned with foam.

Anchor It holds up to 50 anchoring staples and refilling the unit takes only seconds. The steel staples may be removed from the ground at a later date or left in place. Staples will rust away with time.

Anchor It can save enough time by speeding up your anchoring operation to pay for itself in a very short time—and make your work easier as well.

Anchor It works fast...Anchor It holds fast.
