CONTENTS

JANUARY/FEBRUARY 1991

NEWS ROUNDUP MAJOR RESEARCH ON FGCSA GREEN 8
The USGA has awarded two grants totaling \$151,000 for research to be conducted on the FGCSA Research Green at the University of Florida's Fort Lauderdale Research and Education Center.

COVER STORY DEFINITELY WORTH THE TROUBLE 16
Members of the Country Club of Orlando completely closed their golf course for five months to rebuild all 18 greens. They are delighted with the results.

FGCSA SPOTLIGHT GCSAA SHOW 25
Environmental education will be the focus of the more than 40 seminars offered at the 62nd annual International Golf Course Conference and Show in Las Vegas in February. The association's new Environmental Management Program will premiere at the event.

RESEARCH RESEARCH FOR THE 90s 27
A complete roundup of developments in major research projects includes a summary of the grant-winning proposal for work at the FGCSA Research Green.

TECH REPORT NO MORE WRENCHES 34
Variable frequency drive pump technology has been around for a decade but is only now making its way onto the golf course.

GREEN PAGES GOVERNMENT, GOLF AND ENVIRONMENT 38
Two pages of facts, information and opinions on topics that affect the way superintendents must do their jobs.

GREEN SIDE UP SEASON? WHAT SEASON? 40
Superintendents in some parts of the country deal with a golf season and an off-season. When is Florida's golf season?
