

our statistical mortality study was not capable of supporting or refuting a cause-and-effect relationship between pesticides and cancer. Indeed, my recommendations about smoking cessation and minimizing pesticide exposures are prudent public health strategies for golf superintendents and the general public.

Mr. Harvey, I am very concerned about your misrepresentation of our study. The public does need to be informed about important environmental and occupational health issues. The media are important partners in disseminating accurate results of research studies. I request that you broadcast a corrected version of your commentary about our study. Thank you.

FTGA appreciates FGCSA's support

Paul Crawford
President, FGCSA
Palm Beach CC

Dear Paul:

I just received a copy of the *Green Sheet* from Carol Thomas and, much to my surprise, I was on the cover.

I appreciate and thank you for positioning me there and also wish to take a moment to thank you and all your members for their support of FTGA in the past. The hard work of FGCSA members does not go without notice and garners great respect from the green industry throughout the country.

The extra effort is like working a second job, and if one has never done it, it can be hard to understand. I have, and I appreciate the effort of your group and the membership.

I know I speak for everyone when I say thank you for your past and continued support and for placing me on the cover.

Sincerely,

Nick Dennis
FTGA President
