# Poa Annua Classic: productive, educational, fun

The annual Spring gathering of Florida superintendents began on the morning of Friday, May 19, with the FGCSA Board Meeting. At this meeting the CIBA corporation presented a check for over \$25,000 in rebate incentives to be used for turf research. Also at this meeting, funding was approved to partner with the FTGA to sponsor DNA testing of hybrid bermudagrasses.

At noon, Dow Elanco's Issues Manager, Terry Henderson, presented a program called Emergency Response. The second half of the seminar included a lively panel discussion with three media representatives of the Fort Myers-Naples area.

On Saturday, May 20, the Everglades Chapter buried the competition and took team honors in the annual fund raising Poa Annua Classic. Jim Osburn of Cape Coral CC took individual honors with a sterling score of 68. Kevin Downing of the Treasure Coast was second with a 72.

Michael Swinson of Seven Rivers GCSA was low net superintendent winner with a 62 and Dickie Harrell was the low supplier with a gross 73. Later that evening, contestants and guests enjoyed a "Southwest Fiesta" banquet complete with entertainment.

Sunday morning saw David Barnes and company kick off the Annual G.C. Horn Memorial Tournament which raises endowment funds for the FTGA Research Foundation. Once again, a productive, educational and fun weekend. Our hats off to the Everglades Chapter for another first-class event. All golf events were held on the Naples Beach Club Golf Course, which is managed by Dick Naccarato.

## The Envirotron Golf Classic raises \$35,000 for research

The third annual Envirotron Golf Classic, held April 24 at World Woods Golf Resort in Homosassa Springs, raised

\$35,000 for the Envirotron Research Laboratory at the University of Florida.

The tournament's net proceeds will go toward purchasing research equipment and supporting an in-house researcher. The inaugural event, held June 28, 1993, yielded a \$22,500 donation. Last year's tournament brought \$30,000. The Envirotron Golf Classic's overall research contributions total \$87,500.

Funded in part by the Florida Turfgrass Association, the 3,100-square-foot, state-of-the-art research field laboratory opened in November, 1993 and includes a greenhouse, four climate-controlled glass houses, two walk-in growth chambers, two laboratories, study areas, classrooms and offices.

Designed to study and develop new technology on the relationship of turfgrass with biological, environmental and cultural factors, the Envirotron allows scientists to study the entire turfgrass system from root to blade. This facility's

•TURF TRACER • FOAM GARD • RUST BUSTER • BEAUT/

KNOCK M' DED • GRIME OFF • GREEN LAPPING SOAP • RUST BAN • GREEN MAG/

## Predictable Results.

In managing golf course turf, it's what matters most. As specialists in turf care, we look long and hard for products that are truly superior before we present them to you. We insist manufacturers prove their claims in the lab *and* the field, because we're committed to your results - on your course and for your bottom line. Call. Let us demonstrate the terrific results you'll get with these technically superior products.

*Amends soil to give you more leeway managing the crucial air/water balance in root zones. Aerify, rototill, topdress. More porous than clay-based amendments. Does not compact. Proven effective in USGA greens.*

## BREAK-THRU™

*The most effective wetting agent known to science (that you can afford). Proven safe. Decrease pesticide use while increasing effect. Save 40% or more on soil conditioning. Affordable dew control.*

## Envirotron Golf Classic

primary studies deal with temperature modifications, noise abatement, pollution and water purification, as well as the aspects of turfgrass culture.

Presented by the Seven Rivers Chapter of the Florida Golf Course Superintendents Association, the tournament comprised of a pair of 18-hole, 4-man scrambles, played on two of the nation's top courses — Pine Barrens (rated No. 1 by *Golf Digest*) and Rolling Oaks (rated No. 8 by *Golf Digest*).

Major sponsors included World Woods Golf Club, Seven Rivers Golf Course Superintendents Association, Barbaron, Tresca/Jacobsen, United Horticultural Supply/Bayer, Ag Resources/Helena and Southern Golf Products.

For information on sponsoring the Envirotron or FTGA membership, contact Jane Rea at (800) 882-6721.

The Suncoast GCSA Board meets to plan the scramble.

## Suncoast Scramble raises funds for projects

Misty Creek G & CC hosted the Twelfth Annual Suncoast Scramble. Thirty area club teams participated in the tournament this year. Each team was made up of manager, pro, superintendent, and supplier. Each player had the opportunity to purchase two mulligans and an unlimited number of raffle tickets.

Host superintendent Tom Crawford

had the golf course in top condition with "Sunday" pin placements and quick rolling greens that everyone enjoyed.

Over fifty gold, silver and bronze sponsors donated from \$50 to \$500 as tee signs that helped raise \$8,700. The proceeds will be distributed to FTGA, educational seminars, scholarships and junior golf.

Gary MacDougall  
President Suncoast GCSA

## The better, more natural looking lake and pond dye

Why settle for artificial looking dye when TRUE BLUE™ will give your lake or pond a natural, living color appearance. The secret's in our tried and true blue formula that makes the other brand look unnatural by comparison.

Try it and see for yourself why TRUE BLUE is fast becoming the preferred lake and pond dye. The one that's a natural. For more information and a technical bulletin, call or write today.

Blue Pearl Tournament —**

# *Helicopter Hole In One*

Have you ever seen 1,000 golf balls dropped from a helicopter onto a green? Well, it happened at Loblolly Pines just before the Blue Pearl Tournament.

Shelly Foy organized this fundraiser for the Hobe Sound Women's Club, and they raised \$6,000 in six weeks! With the help of Greg Norman's helicopter and pilot, 1000 numbered golf balls were dropped onto a temporary green.

Shelly says it was the "coolest" thing she had ever seen and was most definitely a lot of fun! Each numbered ball was sold for \$10, and the ball that landed closest to the pin won \$1,000.

Proceeds will be shared between the Cooperative Sanctuary Program for Schools and the Hobe Sound Women's Club Education and Scholarship Fund.

If you missed out on your chance to win this year, don't worry. Plans are already underway for the Second Annual Helicopter Hole In One!

# Blue Pearl Tourney benefits program

The Treasure Coast Golf Course Superintendents Association hosted their 2nd Annual Blue Pearl Charity Tournament at Loblolly Pines Golf Club Saturday, May 13th.

Proceeds from this years event will benefit the Cooperative Sanctuary Program for Schools. The TCGCSA will adopt 10 schools, provide reference materials on native plants, wildlife and habitat, as well as establish a \$5,000 grant fund so the adopted schools will have a funding source for projects they wish to work on.

The TCGCSA has received recognition from the Audubon Society of New York for providing the first fundraiser for the Cooperative Sanctuary Program for Schools. They have also been recognized by the GCSAA for leading the way with the School Program, as it was announced at the FGCSA Poa Annua meeting that the GCSAA will become the sponsor of the Cooperative Sanctuary Program for Schools.

Congratulations Treasure Coast! 🦅

## Cooperative Sanctuary Program for Schools

### The Three Amigos

*Tim Cann, President, TCGCSA; Ron Dodson, President, Audubon Society of New York State; Craig Weyandt, Treasurer, TCGCSA. Check out the hats with the blue dots!*

## We understand the importance of a good mix.

That's why it's important that you get to know Atlantic FEC. Because we provide a variety of specialty mixes and related products specifically formulated for the South Florida turfgrass industry.

Each turfgrass mix is delivered by Spyder equipped trucks in water-resistant paper or plastic bags. Bulk material is available in either normal size Killebrews or "small door" (24") Killebrews to accommodate your turf spreader. Drop trailers, sulfur coated potash, and new Micro Prill Greenskote, a quality putting green blend, also available.

Call us toll free at 1-800-432-3413 or visit us at 18375 S.W. 260th Street in Homestead to find out how you can benefit from quality mix from the Atlantic FEC turfgrass professionals.
