

Truly, a Team Effort!

Dear Joel (Jackson):

I must read 25-30 professional and turf magazines per month and most are the same old huma-huma; except for Golf Course Management which I seem to read cover to cover — sometimes twice. Well, the Fall 1994 issue of The Florida Green may have even beat out GCM. I have not only read it entirely several times, but I found that most of the articles are perfect support documents for several GCSAA seminars I teach.

In particular all of the “heads up” environmental articles were interesting, informative and instructive. Short, well written, and intellectually provoking. A couple of issues of those kinds of articles could be reprinted as a “how to” booklet for Florida and southern tier golf courses. I know I saved them for future reference, as I did the “hands on” series for proper safety, security, and management techniques.

Congratulations to you and all of your contributors, sponsors, and members for doing such a professionally awesome project. A truly spectacular effort.

Sincerely,
Michael J. Hurdzan

Michael J. Hurdzan of Columbus, Ohio is a well-known golf course architect and a past president of the American Society Golf Course Architects.

Since 1978

ARBOR TREE & LANDSCAPE Co., Inc.

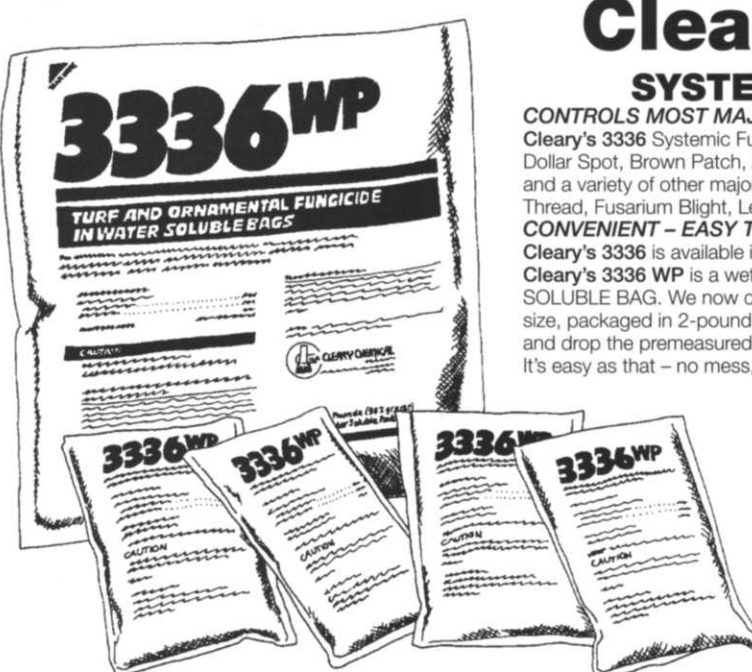

What to look for in a tree company

- 15 years working on golf courses
- Certified Arborist staff
- The same faces, year after year
- Million dollars in truck and equipment
- Able to work around rain days
- Talk to a person not a machine
- Right tool for the right job

Cleary's 3336 SYSTEMIC FUNGICIDE

CONTROLS MOST MAJOR DISEASES
 Cleary's 3336 Systemic Fungicide is used for the prevention and control of Dollar Spot, Brown Patch, Anthracnose, Summer Patch, Pink Snow Mold and a variety of other major turf diseases such as Cooper Spot, Red Thread, Fusarium Blight, Leaf Spot Stripe Smut and Necrotic Ring Spot.

CONVENIENT - EASY TO USE FORMULATIONS
 Cleary's 3336 is available in two easy to use formulations:
 Cleary's 3336 WP is a wettable powder enclosed in our WATER SOLUBLE BAG. We now offer either 8-ounce bags or our new 2-ounce size, packaged in 2-pound foil pouches. Simply tear open the foil pouch and drop the premeasured bags in water according to instructions. It's easy as that - no mess, no exposure, no container disposal.

Cleary's 3336F is a flowable liquid suspension which offers a fine particle size for uniform distribution and availability to the plant. It is available in convenient quart, gallon and 2.5 gallon sizes.

ECONOMICAL
 Cleary's 3336 is competitively priced (even in water soluble bags) and continues to be as economical as other systemic fungicides.

Cleary's 3336 can be tank mixed with many other fungicides both contact and systemic. Always check label instructions and rates before mixing.
