

At this year's annual meeting, we supported all the proposed bylaw changes. These all passed with overwhelming support from the GCSAA membership. This was a

difficult year for choosing which candidates to support. The people running for national office were exceptionally well qualified. We supported the following candidates: George Renault III, CGCS for Secretary/Treasurer; Ken Mangum, CGCS and R. Scott Woodhead, CGCS for Director. All three candidates were elected and Michael Wallace, CGCS was appointed to the Board.

I have been asked many times how the delegate process works. When someone originally joins the GCSAA, they fill out a form stating how they wish to vote. You can vote as an individual, by proxy, or chapter delegate. If you choose to vote as an individual, you must attend the GCSAA annual meeting at the Annual Conference & Show to cast your vote. If you choose to vote by chapter delegate, your vote is cast by the certified Voting Delegate representing the chapter you assigned your vote to. This remains the case until you change your voting status. We encourage all new members to assign their votes to the FGCSA and not their local chapter if they want to vote by delegate. This allows the FGCSA Voting delegate to cast one large ballot as opposed to casting ten smaller ones for each chapter.

One of the major reasons for the formation of the State Association (State Chapter) was to give the superintendents a strong voice in GCSAA matters. Because of our 12-month season, it is difficult for a Florida Superintendent to run for the GCSAA Board of Directors. By uniting our voting power, we can champion issues and candidates we feel will be in the best interest of all GCSAA members including Florida. The following is a brief synopsis of how the voting delegate process works.

At the FGCSA Summer Board Meeting or

soon after, the FGCSA Board of Directors approves the selection of the Voting Delegate and Alternate Voting Delegate, who will represent the state. This is usually a presidential appointment and is someone who has an interest in the process.

Every September, the GCSAA holds the annual Chapter Relations meeting at headquarters in Lawrence, Kansas. In the past, each chapter could send a representative, usually the External Vice President. In the future it will be only the Affiliated Chapters that will be able to send a representative. This meeting is the first opportunity for chapter delegates to see and meet the candidates nominated for the GCSAA Board and discuss possible bylaw proposals. After returning from Kansas, the local chapter delegates meet with their respective chapter members and boards to discuss any issues raised and to review the slate of candidates.

Kansas, the various external vice presidents report each chapters's position on the issues and the candidates. If there is no clear choice or preference of whom to vote for, a caucus is planned for the national conference after further conversations and meetings with the candidates. This past year we were fortunate to have GCSAA President Gary Grigg attend all FGCSA board meetings to keep us informed of the latest details and concerns relating to Chapter Affiliation.

Each candidate for office is invited to the FGCSA reception held during Conference & Show week prior to the Annual Meeting. This gives the voting delegate and any other interested members the opportunity to discuss any important issues with the candidates. After meeting with the candidates, the final caucus is held to decide how the Voting Delegate will cast the FGCSA votes. If any individual member or chapter disagrees with the FGCSA voting preferences, they can instruct the voting delegate to cast their vote(s) differently from the rest of the state. After all, it is your vote!
