

# Golf tournament raises \$45,000 for environmental research

The Seven Rivers Chapter hosted the fourth annual Envirotron Golf Classic on April 22, 1996 at World Woods Golf Resort and raised \$45,000 for the Envirotron Research Equipment Fund. The four year total for the event has now reached \$132,500. The Envirotron is a 3,100 square-foot, state-of-the-art research field laboratory, which opened in November 1993 on the University of Florida campus. Funding for this facility has been a joint effort of the Florida Turfgrass Association and the Florida Golf Course Superintendents Association.

Tournament organizer, Stuart Bozeman thanked the tournament sponsors for supporting the event and its associated research projects. Bozeman offered special recognition to World Woods owner, Mr. Yukihi Inoue and Director of Golf, Steve Hritsko for providing a host course since the inception of the event.

"The staff and ownership at World Woods are the primary reason that this tournament has been so successful," Bozeman said. "Mr. Inoue's generosity and support reflects the kind of positive attitude that our industry needs to move forward in the field of research."

Major sponsors included: \$10,000 - Chipco Choice Insect Control Systems; \$2,500 - The Crowfoot Open, Southern Golf Products, the Central Florida Chapter of the FGCSA, Terra/Asgrow FL/Bayer. ## GCSAA NOTES...

### *Help us stock our photo files!*

**PUBLICATIONS** — The publications and media relations/video services departments are looking for photos or slides of members on their courses. These pictures are often needed to accompany articles in *Newsline* and in *Golf Course Management* magazine, as well as to use in slide presentations.

If you have any pictures depicting you and/or your staff performing various duties on the golf course, we would appreciate your donating them for our stock photo files. Please be sure to label the individuals, the course and the action or event taking place.

Also, remember that GCSAA strives to represent its members in a professional manner. We prefer not to use photos of superintendents in jeans, T-shirts or shorts; or wearing hats indoors, or shirts or hats that prominently display a company's logo. Hats worn outside, with your course's logo or the GCSAA logo, are acceptable.

The most useful pictures show superintendents in various aspects of their jobs, such as personnel training, irrigation, aerification, environmental preservation, group tours, tree and ornamentals care, wildlife conservation, business and financial planning, soil testing, renovations and any other duties that depict the superintendent's profession.

Please send photo donations to Christina Slape, *Newsline* editor, GCSAA, 1421 Research Park Drive, Lawrence, KS 66049-3859.
