Honey Combs to Mud Flats

The latest buzz: You can now add beekeeper to the list of many jobs held by assistants and superintendents. A swarm of honey bees built a hive in a valve box near the parking lot on the Duran G. C. in Viera. Jeff Von Eschen, assistant superintendent lifts the lid to show the activity. In the last issue we talked about creating habitat for native pollinators. Guys, this is above and beyond. Photo by Eric Reiter, GCS.

Shane Bass, CGCS at the St. James Bay G.C. in Carrabelle in North Florida sent this photo of a helicopter using one of his water hazards to fill up and fight a nearby brushfire this spring. Golf courses also played roles in helping control fires back in 1998. Photo by Shane Bass.

On the way back home from the Poa Annua Classic in May, FGCSA President Craig Weyandt stopped to show his family Lake Okeechobee, or what was left of it. The lake's record low water level prompted severe irrigation watering restrictions in southeast Florida. Photo by Craig Weyandt

NEW DISARM®. BECAUSE SPEED IS OF THE ESSENCE.

DISARM provides fast leaf penetration, enhanced systemic activity, improved turf quality, and is rainfast in as little as 15 minutes. Finally, broad-spectrum disease control for fairways that's equal to or better than the leading strobilurin.

Always read and follow label directions. DISARM and the DISARM logo are registered trademarks of Arysta LifeScience North America Corporation. The Arysta LifeScience logo is a registered trademark of Arysta LifeScience Corporation. © 2007 Arysta LifeScience North America Corporation. DSM-008
