

Turf-Type
Perennial Ryegrass

Still the Best

That's right. For the second year in a row Palmer turf-type perennial ryegrass scored number one in the National Ryegrass tests conducted by the U.S.D.A. coast to coast:

U.S.D.A. National Perennial Ryegrass Test* Turf Quality 1-9 (9 = Best)

As a turf professional wouldn't it be nice to know you're using the best? Use Palmer.

The closer you get, the better we look.

The Cushman Eagle® is an engineering masterpiece, combining style with a new standard of utility vehicle performance. It's specifically designed to meet the demands of the job... giving you more years of rugged use.

The Eagle's unique outfront seating design positions weight over the rear axle to carry a heavier load — up to 1,200 lbs. — with greater stability. The frame is made of heavy-duty carbon steel; the body of time-tested, 16-gauge, diamond-

plate steel, or corrosion-proof dent-resistant, RIM Polyurethane.

The result is better looking, longer lasting, and more productive.

The 3 hp. electric motor and the 8.5 or 12.5 hp., 4-cycle gasoline engines all provide plenty of muscle to carry you up steep grades with the 44 x 39 x 9-inch cargo box filled to capacity. Independent front suspension and the industry's only center takeoff

rack-and-pinion steering provide a smooth ride, responsive handling, and superb maneuverability. Front disc and rear drum brakes are standard on gas models.

With all the options and accessories available, nothing can come close to meeting your needs as precisely as the Cushman Eagle. It's what a true utility vehicle was meant to be.
