

Response To Touché Has Been

OUT OF THIS WORLD!

Sales of **TOUCHÉ** took off like a rocket when golf course and lawn care professionals discovered that it provided effective disease protection for up to 28 days. That's the **TOUCHÉ** advantage . . . and the reason it's **LESCO's** number one selling fungicide.

TOUCHÉ is highly effective against Dollar Spot, Brown Patch and Leaf Spot. Its contact/systemic action provides preventative or curative control of these diseases plus Melting Out, Red Thread, Pink Patch, Pink Snow Mold and Gray Snow Mold.

TOUCHÉ is the ideal product for the busy lawn care professional who can't service a customer every two or three weeks. And its broad spectrum, long-residual control means fewer applications on golf courses.

Formulated as a flowable product, each gallon contains 4.17 pounds of active ingredient. This offers a significant advantage over less concentrated fungicides in container handling, triple rinsing, storage and disposal. And **TOUCHÉ** is priced competitively, too.

It's easy to see why **TOUCHÉ** has rocketed to a stellar position in the green industry.
