

GROW WITH US™

LESCO has been actively researching and developing quality turf seed since 1986. With over 14,000 acres of turf seed production contracted annually, LESCO has become one of the largest basic suppliers of professional use turf seed in the country. Eagle Blend®, Double Eagle Blend™ and Premium Athletic Fairway Mix™ are the result of dedicated research and will provide outstanding performance.

Whether you need to establish a Bentgrass green, renovate a residential lawn, or overseed dormant Bermudagrass, LESCO has the seed product to fit your specific turf requirements. LESCO also offers a broad range of fertilizers, chemicals and equipment to meet virtually any turfgrass maintenance need.

For more details on LESCO seed products, contact your LESCO Sales Representative at (800) 321-5325

TranStar★™
INTERMEDIATE RYEGRASS

Excellent for overseeding dormant warm-season grasses and for temporary soil stabilization. This variety exhibits dark green color, moderate leaf texture, and reduced growth rate.

COMMANDER™
TURF-TYPE PERENNIAL RYEGRASS

A rich dark green variety with high endophyte content to fend off insects, and good disease resistance.

LEGACY™
turf-type perennial ryegrass

A dark green, dense variety with fine leaf texture, dwarf growth habit and high endophyte content. Tolerant of heat, drought, low mowing, insects and disease.

PROAm™
Poa trivialis

Exhibits a darker green color and dwarf growth habit that provides a dense, fine textured turf without excessive top growth.

ASSURE™
Turf-Type Perennial Ryegrass

Excellent dark green color, fine leaves, superior density, high endophyte content, providing insect and disease tolerance.
