

# If It Was Only About Delivering Quality Products, We Wouldn't Have Turf Specialists On Board.

A good relationship between a superintendent and a supplier begins with quality products. But that's not where it ends. As a golf course turf professional, you have every right to expect and receive more. **Convenience, selection, service, technical expertise and value** should all be part of the package. And with LESCO™ they are.

We arrive at your door with a fully-stocked LESCO

Stores-on-Wheels™ offering **fertilizer, pest management products, golf course accessories, and seed.** What could be more convenient?

Every LESCO Stores-on-Wheels is operated by a trained turf professional who has a vested interest in the success of your course. Our turf specialists and regional agronomists appreciate the challenges you face and are fully prepared to offer turf

management and product use recommendations.

With turf experts on board and a highly qualified team of support personnel in-house, LESCO remains dedicated to providing superior customer service and delivering more than just quality products.

Call us at 800-321-5325. We'll show you.

INTRODUCING  
THE **SYSTEM** DESIGNED TO PUT  
MOLE CRICKETS  
WHERE THEY BELONG.

**THE CHIPCO® CHOICE™ INSECT CONTROL SYSTEM.** Forget the past. There has never been anything like the new CHIPCO® CHOICE™ Insect Control System for putting an end — once and for all — to one of the most destructive pests a golf course superintendent has to face: Mole crickets. The CHIPCO® CHOICE™ System utilizes an entirely new kind of chemistry that will deliver unmatched control of mole crickets for six full months. **WE GUARANTEE IT.** We're so confident that CHIPCO® CHOICE™ will keep your valuable turf free of damaging mole crickets that we'll make you an offer no one else would dare consider: The CHIPCO® CHOICE™ guarantee. If you're not completely satisfied with the mole cricket control you

# GUARANTEED.

receive with the CHIPCO® CHOICE™ System, simply call our 1-800-334-9745 hot line number. We'll make sure your turf is properly protected for the full six months. **WE'LL EVEN APPLY IT FOR YOU.** Here's another unique feature of the CHIPCO® CHOICE™ Insect Control System: It's available only through CHOICE™-certified applicators who will use carefully calibrated slit applicators designed to deliver this revolutionary new chemistry in the most precise and effective manner. So you don't have to worry about warehousing chemicals, calibrating equipment or timing applications. This year, put mole crickets where they belong with the satisfaction guaranteed control of the new CHIPCO® CHOICE™ System.

get my full attention since my focus is no longer on managing turf. I spent most of my spare time in the Media Room or the GCSAA

*Mark Black of the Quail West C.C. in Naples spoke on training new employees at the Friday morning Innovative Superintendent Session. GCSAA photo.*

Services Area networking with staff and asking questions. I know it's a sore point, but I would really like to see this area in the center of the show and not located in Siberia like it is every year. They have some good information available to members and the Member Services area deserves a more prominent location. It was obvious that the suppliers were happy with a good turnout on Friday and Saturday. Sunday was predictably slower as people started heading back home for work on Monday.

Friday night the Florida GCSA held its annual

reception and it was a big bash with more than 1,400 in attendance. Entertainment was provided by the Dueling Pianos and they roasted several members of the audience throughout the night. Impresario Paul Crawford put on another spectacular event with the help of the Kilpatrick Turf Company, celebrating their 40th anniversary, as a presenting sponsor. Many thanks to Kilpatrick and the Platinum, Gold and Silver sponsors for helping us celebrate the conference and show.

As the "host" chapter of the event, several of our Florida GCSA members

acquitted themselves well in helping to make this a successful week. Take a look at the photos in this section to see some of your peers that gave of their time and efforts during the conference. Next year we go to the Big Easy!

Some pairings just naturally draw more attention than others. Maybe that's why the buzz around the world is about the new Textron Turf Care And Specialty Products team. Cushman, Jacobsen, Ransomes and Ryan—four great names, each built upon legendary performance, together as one foursome. The unbeatable team.

Easy to do business with. First in innovation. Dependable quality. And, the experience and know-how to get the job done. It's good for the industry. It's good for the game. It's even better for you.

To make the most of your turf maintenance investment, follow the leader. **Call 1-888-922-TURF.** It's where the action is.

# Whip Turf Into Shape *All Season Long*

Let Howard Fertilizer blend **Par Ex**<sup>®</sup> **IBDU**<sup>®</sup> into your nitrogen program and you'll see dramatic turf improvements with better performance every season. **IBDU**<sup>®</sup> releases 100% of its nutrients over 3 to 6 months, then keeps working to deliver a quicker green-up in spring and green turf longer into fall. **IBDU**<sup>®</sup> isn't dependent on soil microorganisms for nitrogen release — it releases upon contact with soil moisture.

Plus, **IBDU**<sup>®</sup> has the highest WIN (water insoluble nitrogen) per pound, so it releases slowly, but surely...and *evenly*.

- Longer Lasting
- Nonburning
- Less Thatch Buildup
- Enhances Slow Release Programs
- Less Leaching
- Test-proven for 20 Years

didn't have to contend with bad weather except for a fog delay one morning.

This year's tournament courses were The Copperhead, Island and Hawk's Run courses at the Westin Innisbrook Resort in Tarpon Springs and the Pine Barrens and Rolling Oaks courses at World Wood Golf Club in Brooksville along with Southern Woods Golf Club in Homosassa Springs. With the GCSAA Conference and Show coming to Orlando every three years now, the golf committee is trying to offer the players a variety of venues.

Scores for Florida's #1 team: Buck Buckner (151); Jim Torba and Chris Cartin (152); Joe Pantaleo (153) and Joe Ondo (156). All these

players were in the top 20 scores. The low gross team was the #1 Team from the Midwest Association of GCSA from Illinois. Chandler Masters, playing out of Henderson, Nev., won the individual low gross title with a 145 and a three-shot margin over defending champion Al Pondel.

The GCSAA Championship, in partnership with the Toro Company, gets better each year. Tee prizes, breakfast each day, 19th hole receptions daily, the victory banquet and great golf courses are included in your entry fee. If you have never played in this event, try it once to see if you don't agree with me that it is worth the money. Plan now to play in Mobile, Ala. next year when

the GCSAA Conference and Show is in New Orleans.

FGCSA Golf Chairman*

PRESIDENTS AWARD, PBGCSA

### Stanley Carr Retires After 30 years at Gulfstream

Thirty years ago Stanley Carr, a graduate of Glasgow Technical School, was appointed superintendent of the Gulfstream Golf Club. Nothing so unusual about that except Carr was an electrical engineer by trade and was in charge of the clubhouse.

But Carr was also a thorough and creative professional in the conduct of his business and that caught the eye of the

members.

Carr came to Gulfstream from the Bethesda Hospital in Boynton Beach where he was employed in the engineering department. He took the hospital job after he immigrated to the United States in 1963 from his native Scotland. His early years after school were spent as an apprentice electrical engineer aboard luxury ocean liners like the Queen Mary, Queen Elizabeth, the Franconia, the

**Keep your golf course chemical liability to a minimum...**

**Safety Storage, Inc. prefabricated, relocatable buildings provide a low-cost solution to safe storage, containment, mixing, and dispensing of golf course chemicals and hazardous materials.**

Safeguard personnel, avoid the liability arising from soil and groundwater contamination, meet fire safety needs, and achieve full compliance with federal, state, and local regulations.

Building sizes range from 5' to 32' in length with capacities up to 320 sq. ft. Standard features include continuously-welded, heavy-gauge steel construction, secondary containment sump, removeable fiberglass floor grating, and chemical resistant coating inside and out. If  
you  
don't  
kill the  
Queen,  
you'll  
have a  
million  
other  
things to  
worry  
about.

It's a simple fact. To get rid of fire ants, you need to kill the queen. But conventional insecticides may kill only worker ants, leaving the queen unharmed. That means more ants. And more problems. AMDRO® Fire Ant Bait is different. AMDRO is carried to the queen by worker ants who think it is food. Once the queen eats it, she and her empire are history. No mixing. No odor. Just fast, effective, one-step fire ant control. No wonder AMDRO is America's number one fire ant bait. With AMDRO, we take the worry out of fire ant control. For the AMDRO® Fire Ant Bait distributor nearest you, call: 1-800-545-9525, Ext. 1610.
