Spring Board Meeting Outcomes

The FGCSA Board is moving forward with lots of initiatives to serve the membership. Your cooperation and participation will go along way to the success of your organization.

BMPs - The voluntary BMP Certification classes will be offered several times throughout the year and will move around to various regions to minimize travel time. All chapters are encouraged to partner with neighboring chapters to organize a regional session. Currently on tap: July 17 West/SW Region at the UF/IFAS Gulf Coast REC in Wimauma, and North/East Central Region on August 5 at the First Coast Technical College, Bldg. C, St. Augustine. Remember the activists have stated publicly, "Golf is next!" So let's document our pro-active stewardship and get certified in the Golf BMPs.

Government Relations - Fertilizer Regulation: Cities and counties have been at odds over "home rule" issues with the state's attempt at preempting local fertilizer regulations that differ from place to place, creating a nightmare for turf-related businesses. In the last session a new bill — HB 999 — was introduced which contained proposals for a Fertilizer Review Council to discuss the issue, but it also included a three-year moratorium on local regulations while the council had its meetings. There was much debate over the language of the bill and, after many changes to the bill, it finally failed in a voice vote of the Legislature, but progress had been made and work is already beginning for next year.

Nutrient Numeric Criteria: On April 22, Governor Scott signed into law SB 1808 allowing the FDEP to set water quality standards (Numeric Nutrient Criteria) tailored for Florida waters rather than criteria from the EPA, which is used throughout the US.

FGCSA Government Relations Committee: Government Relations Chairman Greg Pheneger is requesting that each local chapter appoint a Chapter Government Relations Chairman to join with Greg in forming a strong state Government Relations Committee. The committee will meet monthly or bi-monthly via conference call. Please notify Jennifer of your selection.

*Nancy Miller, CGCS,
President*

FGCSA Golf Championship: The tournament will be held on Friday, Aug. 23 at Southern Dunes. It is also open to vendors. See details and sign up at www.floridagcsa.com.

FGCSA Reception: at the 2014 GIS will be on Thursday, February 6, 2014 at BB King's House of Blues at Pointe Orlando just across the street and north of the Convention Center on International Drive. Reserve the date!

Rounds for Research: The golf industry in Florida is missing out on a great opportunity to raise funds for turfgrass research, scholarships and advocacy by not fully using the Rounds4Research Program being administered by GCSAA with bidding for golf rounds posted on bidding for good. Tell the golfers and members at your club about the on line auctions at <https://www.biddingforgood.com/auction/Auction-Home.action?auctionId=189950805>.

Also here is the link to the EIFG website that contains documents that can be printed and used to advertise the program at your club. Please take the time to register your course. Our futures may depend on it! <http://www2.gcsaa.org/chapters/chpmgmt/rounds4research.asp>

GCSAA: A new staff position for the government relations department has been approved for a person to assist Chava McKeel, associate director of government relations, with national, state and local issues.

USGA: The USGA Florida Green Section as already set venues for next year's Green Committee University. Stay tuned for the times and locations. They will also provide a one-day seminar during the FTGA Conference in September.

FGCSA Staff Positions: All FGCSA staff job descriptions have been re-evaluated and tentative job descriptions for Association Manager, Communications Director and Executive Director have been developed. They are being finalized

FOREWARDS

and will be presented to the Board at the summer board meeting.

Credit Card Processing: FGCSA has changed its shopping cart provider and credit card processing to make it easier to pay online. You can now pay more than one chapter dues and event registrations at a time. The service is available to all chapters, regardless of who currently collects the dues. FGCSA is no longer able to charge a processing fee for credit card payments. The FGCSA will absorb dues renewal fees on credit cards for all Class A, SM and C members. However, any fees assessed for credit card payment made on affiliate chapter member dues payments and/or individual chapter events will be adsorbed by the appropriate chapter.

Member Classifications: FGCSA is reviewing its classifications to be sure they agree with the GCSAA classifications per our affiliation agreement. Local chapters affiliated with GCSAA are encouraged to do the same.

Chapter Secretary/Treasurer Training: Jennifer is working on scheduling a Secretary/Treasurer training session for August, possibly via webcast. Details to come soon.

FLORIDA GOLF, INC.: The newly formed Florida Golf Alliance has been registered with the state as Florida Golf, Inc. to avoid conflict with a previously existing organization of that name. This is the association of Florida's major golf organizations for advocacy on golf-related issues. The five founding members are the Florida GCSA, North and South Florida PGA Sections, Florida Chapter of the Golf Managers Association and the Florida State Golf Association.

And last but not least, congratulations on the 40th Birthday of the Florida Green!

Thank you, Joel, and all of you who through the years have written, edited, published, mailed and contributed to the magazine for making it all possible!

CELEBRATING THE 40TH ANNIVERSARY OF The Florida Green

The first South Florida Green, October 1973. 5th hole, Lost Tree Village. No photo credit.

The first Florida Green, Summer 1980. Great White Egret, Key Biscayne GC. Photo by Harry McCartha. Cover photos in the late 1980's and early 1990's also included people and places like GIS host cities. After that, the covers focused solely on golf course landscapes.

With this issue we mark the 40th anniversary of our Florida golf course superintendent magazine; a classy, quarterly, glossy, four-color publication representing the news and views of our profession.

To help put the history of the magazine and FGCSA in perspective, here is a timeline of the founding and evolution of all the chapters: 1939 South Florida, 1949 West Coast, 1968 Everglades, 1974 North Florida* (Originally began in the 1960's as several groups (under various Georgia/Florida combo-named associations), 1974 Central Florida, 1976 Suncoast, 1978 Palm Beach, 1980 Treasure Coast, 1990 Ridge, 1991 Seven Rivers and 1999 Calusa.

Originally called *The South Florida Green Bulletin*, the magazine was published by the South Florida Golf Course Superintendents Association beginning in 1973. As noted above, the South Florida GCSA was organized in 1939 and is the granddaddy of all of our Florida chapters. Mike Barger was the first editor and was assisted by Tom Mascaro as the associate editor. Lou Oxnevad was the chapter president at the time.

Barger and Mascaro managed the publication until 1976 when Dan Jones was appointed editor. Mascaro continued as the associate editor until Dr. Max Brown took over that role.

And somewhere along the way Dan's wife, Irene Jones, began helping out when it came to gathering and writing stories and helping assemble the magazine.

These were the days of cut-and-paste layout pages to be photographed and transferred to metal plates so the rolling

presses could print the pages. Virtually every flat surface in the Jones home became a workspace during deadline time. The April 1980 issue was the last issue of the South Florida Green. During these late 1970s, photographers Harry McCartha, writer/photographer/superintendent David Bailey and his brother Mike Bailey became regular contributors to the magazine helping Dan and Irene fill the pages of the Florida Green.

Around this time after several years of discussion and planning the statewide Florida GCSA was formed and officially founded in 1980. The South Florida GCSA decided to donate its publication to the state to become the official voice of the united associations. The 1980 Summer Issue was the first official *Florida Green Magazine* with the same people on board still producing the publication.

In 1981 Daniel Zelazek, a good friend of the Bailey brothers, joined the staff as the magazine's cover photographer. Zelazek was an industrial photographer with the Pratt & Whitney Company down in West Palm Beach. We enjoyed his impressive cover story photos until his retirement at the end of 2010. With the 10th Anniversary issue in the spring of 1983, the magazine began a two-page foldout cover format, which lasted 15 years until the Fall Issue in 2008.

Zelazek was a master of his craft and he used a custom-made camera that used film sheets instead of film rolls or memory cards. No digital for Daniel. He totes his tripod-mounted camera around the state and took many a cover shot from the bucket of a front-end loader or standing on a pallet raised by a forklift.

First Foldout Cover 1983. 16th Hole, Banyan CC. Photo by Daniel Zelazek.

About this time, Jones introduced the concept of chapter reporters and in 1985 I became the reporter for the Central Florida Chapter. Four years later Dan and Irene Jones were ready to retire from the magazine after thirteen years of story gathering, editing and cutting and pasting each issue's layout. It was time to pass the baton.

In late 1989, Dan hired Larry Kieffer as the Publication Manager and Executive Editor, a post he manned until his recent retirement. I still forward my editorial copy to him for his watchful eye to keep the publication in top professional form. In 1991, the magazine became a bi-monthly publication instead of a quarterly magazine. That format lasted two years and we returned to publishing four times per year for budget purposes. During that period, Brian Everhart and Phillip Petus joined Kieffer's publication team as staff photographer and writer for those two years, while Daniel was on hiatus and I was in the midst of my job change.

Along the way, when I returned to Disney to help grow-in the Osprey Ridge Course, Tom Benefield stepped in as editor for a year or two and I remained on board as the assistant editor, still doing most of the article writing. Paul Crawford also joined the team as the advertising manager and played a big role in getting sponsors and advertisers for the magazine.

There were two other regular contributors to the magazine Mark Jarrell, CGCS, Palm Beach National GC (1994-2004) He also began writing a regular column for *Golfweek Magazine*, which highlighted the superintendent's role in course conditioning and attempted to educate golfers and club members about our side of the business.

Another regular columnist from 2001 to 2008 was superintendent Jim Walker with the Miami Dade Parks and Recreation Dept. Jim wrote his "As It Lies" column with a wry humor toward our daily routines and challenges.

In the background, keeping the business side of the magazine running, was Marie Roberts, the association manager for over 20 years until her retirement in 2007. Since then, Jennifer Bryan became our go-to person and as been acting as Advertising Manager along with all her other duties as the current association manager.

Over the years the magazine won a slew of awards from the annual GCSAA Publications Contest and the Florida Green remains among the top superintendent publications in the country.

To those pioneers who began the magazine, to all those who wrote articles, columns, president's messages, took pictures, sponsored, advertised, edited and produced 40 years worth of issues we sincerely thank you for beginning a lasting legacy which is the Florida Green.

In the Spring Spotlight

It's been a wet and wild spring season, and now that the busy golf season is over, FGCSA chapters began holding their traditional fund-raising events in our own version of March Madness. Congratulations to winners of the various tournaments, service awards and donors who contribute to our turf research and advocacy efforts.

This season also begins year two of the Rounds4Research project. Please get involved and donate a round of golf for the good of our industry. Special thanks to our sponsors who make it all possible and to the hard-working volunteers who organize these events. Roughly in chronological order, relive our spring events in the following photos.

The Central Florida GCSA premiered its new Vendor Expo in March at the Reunion Resort. During the education session, Dr. Brian Unruh discussed the fertilizer BMP research and possible changes to state fertilizer guidelines and interesting results from low-light-level implications to turf management. Photo by Joel Jackson.

Another new venture by the Central Florida Chapter is the Assistant Superintendent Academy, an assistant-only education seminar in April. Here GCSAA Director Darren Davis (right) and GCSAA Regional Representative Ralph Dain give a presentation on GCSAA Resources to help assistants in their careers. Photo by Joel Jackson.

At the NFGCSA Memorial Tournament, the annual Keeper of the Green Award recognizing the service of an individual to the golf and turf industries in North Florida was presented to Buddy Tresca, longtime owner and operator of Jacobsen Turf Equipment franchises in Florida. Pictured here with the award are Tresca (left) and Tom Brennan, owner of Brennan Golf Sales and former Tresca employee.. Photo by Joel Jackson.

The Annual South Florida Turf Expo at the UF/IFAS station in Ft. Lauderdale drew a near-record crowd of over 400 people from all aspects of the turf industry. Featured sessions included research plot tours and updates, supplier products expo and demos, technician training sessions and classroom seminars. Photo by Joel Jackson.
