

When Other Golf Cars
Get Left Behind...

Yamahas Stay
Right On Course.

Yamaha knows the purchase price of your fleet is just the beginning of the cost of ownership. So we design in features that keep your rental time up and your operating costs down.

- Quiet and clean-running, our 4-stroke overhead valve engine accumulates carbon less easily. A 3-stage air filter locks out dirt, requiring less frequent service checks. Timing adjustments are unnecessary thanks to our Transistor Controlled Ignition system. Even our suggested maintenance schedule requires less downtime than the competition.
- All this adds up to more time on the course making you money, less time in the shop costing you money. So call 1-800-447-4700 for the Yamaha dealer nearest you. And see how easy it is to keep your fleet profits on course.

YAMAHA USA
Better in the long run.

BRING YOUR FAIRWAYS UP TO PAR!

It may be a game to your customers, but to you it's serious business. Good looking fairways mean more customers, and more profits. That's why particular grounds managers like yourself look to E. F. Burlingham for the best seed to handle their specific applications.

Burlingham's proven varieties are a result of years of continually upgrading and developing new and better products... the results? Fairways that pro-

vide excellent wear tolerance, fast ball roll surface, greater shade tolerance, and good insect resistance!

If you'd like to bring your fairways up to par, and keep them there, look to E. F. Burlingham... we've got a growing reputation!

E. F. Burlingham varieties include:

- Pennant Perennial Ryegrass
 - Falcon Tall Fescue
 - Belle Perennial Ryegrass
 - Haga Kentucky Bluegrass
- Ask about our Symphony and Trilogy Perennial Ryegrass blends!*

Introducing the next generation in full-circle swing joints

Inlet and outlet fittings at no extra cost.

Absolutely no cracked fittings. No leaks. No lost time. Our new Unitized Swing Joints come fully factory assembled. They're free of solvent welded joints. And the low cost will surprise you.

You get full three-way 360° action, so the standard 12" one-piece molded swing arm easily adapts to all installations.

And you get the reliable Lasco swing joint quality proven since 1982 in all kinds of

climates and conditions in over 250 golf courses worldwide. That kind of quality lets us back all our swing joints with a unique, unmatched Three-Year Performance Warranty.

Choose from 1", 1¼", or 1½" diameters. Your choice of 3 outlets and 4 inlets needed to fit your system — at no extra cost.

Write for details, or ask your distributor. You'll get the facts on the new generation — along with data on our Factory-Assembled and Assembly Kit Swing Joint models, too.

We blew a few holes through conventional financing.

Introducing the
Jacobsen 45 Special Finance Program.

Only 4.5% Interest.

Take delivery now on a Jacobsen Tri-King, LF-100 or any other Jacobsen reel mower and pay for it later with our *45 Special Finance Program* through Textron Finance.

It's your chance to get a great deal with **4.5%** interest, financed over 36 months. And it's available with skip payment programs. It's our way of blowing a few holes through

conventional finance programs.

The *45 Special* is available only at your participating Jacobsen distributor on deliveries

taken between September 1 and December 31, 1989. Give him a call. Or visit his showroom. He'll show you how we're blowing holes through conventional finance programs.

Jacobsen Division of Textron Inc.

Program requires 4.5% down payment and 4.5% pre-paid buyout.
Special 6% program available in Canada.

Now it's easier to make your greens come true.

We improved the only true Greens Conditioner.

No one else offers the patented features of the Jacobsen Turf Groomer™ greens conditioner. And now, we improved on the best. We did it by making the Turf Groomer easier to use and more durable. And that makes a big difference when you've got a lot of ground to cover.

The improvements begin up front. The exclusive front roller has a larger diameter for reduced rolling resistance, higher side frame clearance and improved durability.

It works even better to "pucker up" horizontal runners and plant leaves, readying them for clipping. And now Jacobsen offers two blade spacings: the standard .280" for most green applications, and an optional .500" which works well where nearby traps have coarse grain sand.

The Turf Groomer's larger, thicker, six point knife blades are even stronger for longer life.

They rotate *through* the slots in the front roller, cutting horizontal runners and cultivating strong, erect grass plants.

A quick up/down blade adjuster has four positions in $\frac{1}{8}$ " increments so you can condition each green exactly the way you want. Or, you can raise the blades to skip grooming. And a Micro Depth Adjustment dial lets you fine tune cutting heights by increments of .007" without tools.

Every Turf Groomer greens conditioner comes with a sealed aluminum drive housing to prevent grass, debris and moisture build-up in the heavy-duty 1" belt drive system.

For faster, truer putting and healthier, hardier greens, look to the new Jacobsen Turf Groomer. For a free demonstration, contact your Jacobsen distributor.

Or contact Jacobsen Division of Textron Inc., Racine, WI 53403. Now it's easier to make your greens come true.
