tendents Association of America.

228-230

Sandoz Crop Protection

## Mon., Feb. 19

8 A.M.

Monday and Tuesday Two-Day Seminars

 Basic principles of turfgrass management

 Business communication and assertiveness techniques

· Disease identification and control

 Environmental considerations in golf course management Golf course design principles

 Insect pests on golf course trees and shrubs

 Introduction to surveying · Irrigation I: Equipment and technology

Managerial productivity

Turfgrasses: Qualities, uses and

sources

# Tues., Feb. 20

8A.M Two-Day Seminars Continue One-Day Seminar

· Golf course safety, security and risk management

Wed., Feb. 21

8A.M.

**One-Day Seminars** Biology of turfgrass soils

·Calculations and practical mathematics to use in turfgrass

- Employee training
- Financial management

USGA golf course rating sys-

term • Water quality and irrigation scheduling

Wednesday and Thursday Two-Day Seminars

· Basic turfgrass botany and physiology

· Golf car fleet operations

· Golf course construction techniques and management

· Golf course restoration, renovation and construction projects

- Integrated pest management
- · Introduction to soil science · Irrigation II: Systems design and management
  - Landscape plant materials

· Plant nutrition and fertilizers

Public relations and public Prayer Breakfast featuring Apollo speaking 15 astronaut James B. Irwin. The re-

· Turfgrass insects: Basic and advanced principles

### Thur., Feb. 22

8A.M. Two-Day Seminars Continue

Weed control

**One-Day Seminars** · Budgeting and forecasting

 Cardiopulmonary resuscitation

· Certification exam study guidelines

· Effective business writing Developing your hazard com-

munication program

- Negotiating Safe pesticide management
- · USGA intermediate rules of golf

8A.M. - 5 P.M.

Certification study guildelines to gain Certified Golf Course Superintendent status. A course offered for superintendents beginning to study for the certification examination. It includes lunch. Participants must register on GCSAA conference registration form. 11 A.M.

Conference and Show Registration Past Presidents' Luncheon Meeting

2 P.M.

International Reception 5:15-8 P.M.

Opening Session and Reception, open to all attendees in the Peabody Orlando Hotel. The keynote address will be given by Dr. Ken Blanchard, author of "One Minute Manager" library. A cash bar reception with music and dancing will follow, featuring the Pink Flamingos.

8:30 A.M.-Noon Concurrent Education Sessions (20 minutes per topic)

 Critically evaluating your needs: What should be in your job contract; the equipment bid process; comparison of cultivation equipment; gas versus diesel; low-maintenance alternative species for golf course roughs; how seed is evaluated; snake oils or legitimate products?; caution: turfgrass sampling in progress; sampling turf to improve grub control; your legal recourse for faulty work or products.

· Golf course management techniques I: Annual flower beds: designs that work; perennial plantings for the golf course; deep-tine aerification and root responses: the mechanism of winter injury; preventing winter desiccation on greens; using computers to
