

Destroy the evidence or suffer the consequences.

The Cushman® Core Destroyer™ is the only effective means of providing quality play soon after fairway aeration. Use anything else and you'll have unhappy golfers on your hands. If you're going to aerate, do the whole job right. Get a Cushman Core Destroyer and *totally* pulverize cores at up to 6 mph.

Comes with **FREE** mowing deck. Order a Cushman Core Destroyer and a liquid-cooled gas or diesel Front Line tractor before September 30, 1990, and

you can have your choice of a 60" or 72" mowing deck free! It's the perfect way to get maximum mileage out of a Front Line tractor that's not afraid to go head-to-head with anything else on the market. For all the facts and a convincing demonstration, contact your Cushman dealer or call toll-free 1-800-228-4444 today.

CUSHMAN
BUILT TO LAST

Gold Canyon Golf Club and Resort

THE THREE BEST DRIVES IN GOLF TODAY.

For nearly two decades, Melex golf cars have been out-driving the competition, in comfort as well as performance. Now the Melex line is a threesome, making Melex the natural choice for any course.

At the top of the line is the Model 412. Its sleek aerodynamic design gives it sportscar-like styling, while a state-of-the-art speed control system allows the motor to draw only the power it needs at any given speed. The result is a far smoother ride, 25% more range on a single charge, and extended battery life.

The Model 252 and the 3-wheel 152 have

proven themselves to be reliable drives for many thousands of golfers. Both models feature a brake system that's virtually maintenance-free, an efficient, economical electrical system, and super-strong front suspension.

All Melex golf cars offer the competition's "luxury options" as standard features. These are the little touches that keep your golfers happy. Best of all, Melex golf cars are built to drive for distance. They're a lasting investment, year after year.

Certain death for the dinosaurs.

The new Jacobsen Tri-King 1684D makes heavy cumbersome 84" mowers things of the past.

Jacobsen ushers in a new age in heavy-duty 84" triplex mowing with a truly lightweight, highly maneuverable package. So now you can say goodbye for good to those costly, one-ton monsters the competition turns out.

Lightweight and compact, this agile, rear-wheel steering machine maneuvers around trees and other obstacles in a hurry. A foot-controlled hydraulic lift with automatic reel shutoff makes cross-cutting fairways and striping sports fields quick and easy. Plus, the wide 10" overhang simplifies trimming around traps, while optional on-demand 3-wheel drive smoothes out tough hills. And the Jacobsen Tri-King maintains a productive mowing speed in 3-wheel drive, so it trims circles around bulky, sluggish would-be competitors.

Simple, cool-running hydraulics deliver exceptional control of cutting

frequency. This smooth, consistent power and a choice of 5- or 10-blade fixed or floating reels produce a uniform, carpet-like cut — even in dense, wet grass. Unlike heavier competitors, the 1684D's balanced, lightweight design and wide tires minimize turf compaction. And optional easy-on/easy-off grass catchers make clean-up a breeze.

A liquid-cooled 16.5 hp diesel provides plenty of power with longer life, simpler maintenance and better fuel economy. **Or choose the 1671D**, a unique, durable 71" triplex with all the same quality features of the 1684D. Yet smaller reels cleanly cut tricky undulating terrain and those really tight spots.

Don't be saddled with a dinosaur of a triplex when you can have the advanced new 1684D. Ask your Jacobsen distributor for a demonstration today. Attractive lease and finance plans available.
