

NEW LITERATURE

Golf community directory helps home buyers

Hilary House Publishers Inc. has released a new, 296-page publication titled "The Directory of Residential Golf Course Communities."

Consumers can use this one source to research 280 of America's leading golf course communities for full-time, vacation or retirement living.

The publication includes information on when the community opened; age range of residents; how many owners use their home as a primary residence or vacation home; total acreage in the community; number of home sites and lot sizes available; whether the community is located inland or by the water; name of the closest airport; financial considerations (equity, initiation fees, dues, minimum food and beverage spending); number of holes; availability of fitness center, monitored security, clubhouse, pool, tennis, marina, equestrian facilities and fishing.

Also included are names of the course designer, golf pro and touring pros plus listings of the tournaments hosted by each community. Most important, each description discusses the sizes and styles of homes, availability of home sites and price ranges.

"The Directory of Residential Golf Course Communities" costs \$19.50 plus \$3 postage and handling. It can be ordered from Hilary House Publishers, Inc., 980 North Federal Highway, Suite 206, Boca Raton, Fla. 33432 or by calling 407-338-2120.

Turner flail mower literature offered

Industrial flail mowers are featured in new product literature published by Turner Equipment, Inc., a division of Elswick, Inc.

Marketed under the trademark "Roadrunner," the mowers are built to stand up to the most rigorous maintenance conditions.

Roadrunner flail mowers are available in three basic models and in a variety of configurations that mow a swath from 74 inches up to 21 feet, depending on the size and number of mid-mount wings and rear-mount units.

The mid-mount wings attach to the tractor with Turner's patented "T" mounting frames, designed to minimize stress on tractor assemblies.

The rear-mount units attach to the tractor's 3-point linkage and may be center mounted or offset.

All mowers feature unitized steel housings, gear-driven hydraulic pumps to combat hot-weather extremes and dynamically balanced reels that can accommodate fine or coarse cut flails.

For a free copy of the new literature write Marketing Department, Turner Equipment, Inc., 4675 Granite Drive, Tucker, Ga. 30084 or call 404-934-5017.

Wittek features range equipment

Wittek Golf Supply's new eight-page color brochure features the latest in driving range equipment, including the Ball Hawk SL90 ball picker and Wittek Blue Grass Tee Mat.

The brochure also contains a variety of new range supplies and pro shop display fixtures for golf clubs and umbrellas.

The free brochure is available by calling Wittek Golf Supply Co. at 1-800-869-1800.
